C. N. R. WILL BRING MANY IMMIGRANTS TO SETTLE NORTHERN B. C. LANDS

Railway Officials. Plan Policy Here With Provincial Government and Move to Get Influx Started Without Delay; Vice-president W. D. Robb and Director of Colonization W. J. Black in City.

Inauguration of immigration to British Columbia to settle some of the vacant areas of agricultural land is being undertaken by the Canadian National Railways, according to developments at the Parliament Buildings to-day at a conference between W. D. Robb, vice-president, and W. J. Black, director of colonization and natural resources of the Canadian National, and Premier John Oliver and the Hon. E. D. Barrow, Minister of Agriculture.

The first area it is planned to settle is along the old Grand Trunk Pacific line west of Prince George, Mr. Robb and Mr. Black told The Times this afternoon.

"At the present time we are working out the plans for bringing parties of suitable immigrants to British Columbia and we plan to start settling them in this district from Prince George," Mr. Black added. "We have gone into the proposals with the Provincial Government here and Premier Oliver and his Government are co-operating with us in this immigration and settlement plan."

Mr. Black said that the immigration plan was being inaugurated without delay.

"We are working it out simultaneously at both ends," Mr. Black said. "While we are busy on it at this end, other representatives are at work arranging for the parties that are coming out and their transportation."

Mr. Robb and Mr. Black left this afternoon for Vancouver on their way back to Montreal.

Anti-Communist Move at Oxford Is Being Opposed

London, March 29 (Canadian Press Cable)—A strong protest against the action of Joseph Wells, vice-chancellor of Oxford University, a few weeks ago in requiring two Oxford students to sign a pledge not to hold communication with any Communist organization or propaganda, was registered by the Cambridge University Labor Federation at a meeting yesterday.

Shortly after the pledge-signing incident at Oxford the vice-chancellor's action was condemned by members of the Oxford Union at a private meeting, but at a general meeting of the Oxford Union, this resolution was rejected by a vote of 770 members out of a total membership of 1,200, the majority for rejection being thirty-six.

NEW SEDITION LAW IN SOUTH AFRICA

Prevention of Disorders Bill Expected to Provoke Lively Debate in Assembly

London, March 29 (Canadian Press Cable)—A drastic penalty for addition or "seditious intention" are fore-shadowed in the South African Government's Prevention of Disorders Bill, according to the Cape Town correspondent of The London Daily Mail. The proposed penalties include deportation of non-South Africans who violate the new law and five years' imprisonment for offending natives within certain areas.

Hon. F. Ross, South African Minister of Justice, recently declared that the Bishop of Pretoria, Dr. Neville Stuart Talbot, and other churchmen had been making adverse comments on the Herzog Government in connection with the hostility between the native races and the European residents of South Africa over the color bar bill, and he intimated that he might institute criminal proceedings against them. It is expected there will be strong opposition to the Prevention of Disorders Bill.

NATIVES SEGREGATED

The color bar measure was passed in the South African Parliament in February last. It gives the white workers in the mines statutory rights to the disadvantage of the native employees, provides for the segregation of the natives and denies them the Cape Native franchise and substitutes therefor the right of the natives to elect seven Europeans to represent them in the Parliament.

The natives are very bitter against this law.

PRINCE OF WALES HAS AN OPERATION

Pain Caused by Abscess in One of His Ears Relieved By Surgeons

News Surprises People; Forced to Postpone Visit to Biarritz

London, March 29.—The Prince of Wales, who early this morning underwent what is termed a slight operation to relieve him of pain due to an abscess in one of his ears superinduced by an attack of influenza, is making good progress, according to information given out at St. James Palace this morning.

"The Prince had some sleep and he has no pain," the announcement said.

It is expected the Prince will be confined to his bed for a week. His holiday in Biarritz, for which he intended to leave next Thursday, has been postponed until after Easter.

The King and Queen arrived from Sandringham this morning and went directly from the station to their son's bedside, where they remained for some time.

EARLY MORNING BULLETIN

The announcement that the operation had been performed in St. James Palace was contained in a bulletin posted there at 2:45 o'clock this morning, signed by four eminent physicians, among them Dr. Arthur H. Cheate, lecturer on auric surgery at King's College Hospital.

TARIFF BOARD PLAN UNDER DISCUSSION

Premier King Informs Commons Members Not Yet Formally Appointed

Ottawa, March 29.—Right Hon. Arthur Meighen, leader of the opposition, asked in the House of Commons this afternoon whether the Tariff Commission, or whatever the Government proposes to call it, had been appointed yet.

Mr. Meighen asked the Premier whether the order-in-council has not yet been passed, replied Premier King.

"The personnel is still under consideration," he added.

"Again," asked Mr. Meighen, but the question was disregarded.

Later Mr. Meighen asked the Premier whether the matter was under consideration in the light of his statement to the House last Thursday night when he named the personnel of the commission.

SECRETARY NEEDED

Premier King replied he had stated that the secretary of the board had yet to be named and that the order-in-council appointing the board had not been passed.

Since that time he had also been informed that two other gentlemen had been approached as possible members of the board.

Mr. Meighen asked if the statement recently made by one of the prospective members of the board had anything to do with the fact that the Government was still considering the matter.

Mr. King replied that that statement no doubt would be taken into consideration also. He hoped to give consideration to it.

B.C. INDUSTRY SHOWS BIG GROWTH; PAYROLLS UP 25 PER CENT. IN THREE YEARS

In the last three years British Columbia's industrial payroll has increased almost twenty-five per cent—from \$130,000,000 in 1922 to \$160,000,000 last year, according to the annual report of the Workmen's Compensation Board, issued at the Attorney-General's Department to-day. Industrial pursuits engaged 359 more employees in 1925 than in the previous year, the report shows.

How the Workmen's Compensation Act has expanded in scope until it now provides whole or part of the livelihood of 7,000 people is outlined in the report as follows:

ELECTION RIOT IN PARIS CAUSES DEATH

Police Disperse Crowds After Two Communists Returned to the Chamber

Paris, March 29.—Demonstrations following the election of two communist deputies in the second electoral district of Paris yesterday resulted in the death of one person and the injury of a number of others when demonstrators clashed with the police in the Grand Boulevard, the Place de l'Opera and the grounds enclosing the Elysee Palace, residence of the French President.

The most violent trouble occurred in the grounds enclosing the palace, where the "Young Patriots," a Catholic moderate organization opposed to the Communists, staged a parade, singing nationalist songs, shouting "Down with Malvy" (Minister of the Interior) and otherwise manifesting against the Radical Left ministry. Maurice Riard, a member of the organization, was clubbed over the head by police while they were attempting to disperse the crowd. He died to-day of his wounds.

Most of the demonstrators throughout the city were young men, members of the Young Patriots, Young Royalists and Young Communist organizations.

ONTARIO DEATH

Brockville, Ont., March 29.—John Stuart, seventy-nine at the time of his retirement in 1919, the oldest militia bandmaster in Canada, died here yesterday after a long illness.

RADIO LISTENERS REPORT THEY HEARD VOICES CARRIED BY RAYS FROM SEARCHLIGHT

Birmingham, Ala., March 29.—The question of whether Nature has revealed to man another of her mysterious forces is attracting the attention of electrical engineers here as a result of reports that voices carried by rays from a searchlight had been detected in radio receiving sets.

One of the features of an electrical show here last week was the army type searchlight of 3,000,000 candlepower. Mounted atop the Alabama Power Company's skyscraper office building, its powerful beams were played upon the clouds at night.

CONVERSATION HEARD

Radio fans in their homes heard a peculiar type of programme, a sort of disconnected conversation on various subjects. This was heard while the searchlight was shooting its rays in all directions, and persons in widely separated sections of the city began to make inquiries.

SUTHERLAND MOVES TO GIVE JOBS TO IDLE COAL MINERS

Government to Provide Part-Time Employment to Unemployed Men on Road Work

Minister's View Present Depression as Temporary; Oil-Ing Plans Considered

Measures for handling unemployment among Nanaimo coal miners were mapped out by Hon. W. I. Sutherland, Minister of Public Works, in the course of a visit to the Coal City late last week. The Government will start immediate work on the Nanaimo Lakes Road in order to provide relief for miners out of work through depression in the coal business, Dr. Sutherland announced on his return here to-day.

Applicants for jobs will be questioned by Government officials so that the available work may go to men who need it most. Married men with families will be given preference. In order that the available money may be distributed as widely as possible two or three days' work a week will be provided to those who require it. As the Nanaimo Lakes Road has been in need of repair for years, the work done by the unemployed will return real value for the money spent.

Sloan, Minister of Mines, conferred on Saturday with a committee of Nanaimo citizens who are endeavoring to cope with unemployment. At this conference Mr. Sloan and Dr. Sutherland expressed the view that the present unemployment situation would right itself soon. Coal mining, they declared, should get down to a more satisfactory basis when the big stocks of coal piled up last Fall in expectation of winter weather were absorbed.

While up the Island Dr. Sutherland investigated plans for the oiling of the Island Highway during the present spring. He will announce in a few days what portions of the road will be treated.

POLICE ARRESTED ONE LIQUOR CHARGES

Ottawa Authorities Believe Two Ontario Constables Operated Illegally

Ottawa, March 29.—Robert S. Russell and Wallace Spears, Ontario provincial police constables from Toronto, who were arrested here on Saturday night on charges of transporting liquor and were later allowed out on bail, will probably come up for trial in the police court here on Wednesday. When their case was called in the court to-day Magistrate Howells granted a remand until next Wednesday without calling upon the accused to plead.

They were arrested in a hotel in Ottawa Saturday night by city police after Detective W. H. Frost of the local motely squad had searched their rooms and claims he had found in the two rooms nine quarts of whisky labelled as from the Queen's Hotel, London.

BOTTLES TACKLED

According to information given out by the police to-day, several of the bottles were tagged as if they had been seized, but the police doubt there are any such hotels as were indicated on the placards from which the liquor had been confiscated.

After the arrests the Toronto men were able to show they were provincial police operatives, claimed they made the seizures in the regular way and were within their rights in keeping the evidence in their room. The police, however, are of the opinion, after questioning the men, that the liquor was not held under such circumstances.

Private Members' Day in Commons

Ottawa, March 29.—To-day is Private Members' Day in the House of Commons. Resolutions proposed by private members have the right of way.

A motion passed on the order paper by G. G. Coote, Progressive, Macleod, Alberta, is scheduled for discussion. Mr. Coote will ask the House for an expression of opinion to the effect that "a substantial reduction should be made in the customs tariff on automobiles and motor trucks."

Arthur Broderick Died in Ottawa

Ottawa, March 29.—Arthur Broderick, prominent banker and associated with the Molsons Bank for nearly fifty years, died at his home here last night, aged sixty-eight. Mrs. Stuart Cameron of Vancouver, B.C., is a stepdaughter.

PEOPLE OF SOUTH ONTARIO RIDING CHOOSING M.P.

Hon. J. C. Elliott, Newly Appointed Minister of Labor, and Thomas Elliott, Conservative, Candidates in West Middlesex; Weather Conditions Favorable for Large Vote; Premier King and Other Ministers Addressed Electors Saturday.

Strathroy, Ont., March 29.—West Middlesex electors to-day are choosing their member of the House of Commons, the candidates being Hon. J. C. Elliott, recently appointed Minister of Labor, and Thomas A. Elliott, Conservative.

Reports received in this town, the centre of the constituency, this afternoon, indicated a heavy vote was being polled in the larger centres of Park Hill, Glencoe and Ailsa Craig.

Both the new Minister and his opponent are active in this town, where they have their headquarters, and both express confidence in the outcome of the by-election.

In Strathroy a large vote is being polled.

A light snow which fell last night filled the ruts in the roads in this part of Ontario and made conditions favorable for the farmers. Reports by telephone from distant sub-divisions stated both automobiles and horse-drawn vehicles were being used, and it was expected the vote would be larger than was predicted a few days ago.

COMOX LOGGING COMPANY SUE FOR \$20,000 DAMAGES TO FARM FOLLOWING SUMMER FOREST FIRE

Damages for \$10,796.40 on one claim and \$5,478 on another from the Comox Logging and Railway Company are sought by Addie L. Higgins of Victoria and Chan Sing of Headquarters, near Comox, in an action opened before Mr. Justice Morrison in the Supreme Court this morning, and proceeding this afternoon.

Mrs. Higgins is owner of Tye farm, near the logging company's camp, and Chan Sing is the lessee of the property. The farm is described as a productive farm and a hunting reserve.

The claim arises out of the forest fires in the Courtenay district in August of last year, and the statement of claim alleges the plaintiffs have suffered damage by fire which was ignited by the defendant on the defendant's property near Camp Three in the Comox district, spreading to plaintiffs' property and burning seventy-two acres of land, permanently destroying the soil and destroying timber, cover for game, seed, ditches and fences.

A dangerous system of carrying on logging operations and the hauling of logs by a system of steel cables and engines, which would be ignited when the humidity was low and trees, timber, bushes and foliage were dry and inflammable was claimed by plaintiffs to have been the cause of the fire. The logging company should have known, plaintiffs claim, that if any friction was generated by the system of logging carried on the trees, bushes and foliage would be ignited and the fire would spread rapidly.

In addition to the claim of Mrs. Higgins there is a claim of \$5,478 made by Chan Sing, lessee of the farm, including \$2,532 for loss of profit on cultivated land, and \$1,132 for 3,000 feet of ditches damaged.

F. Higgins, K.C., husband of plaintiffs' attorney for plaintiffs.

Every allegation is denied by the logging company. The company denies the Tye farm is a productive farm or a hunting reserve. Plaintiffs contend the alleged farm is an unproductive swamp, and was at no time a hunting preserve. No act or omission of the company they claim was responsible for the fire. Logging operations they claim were carried on in a safe and prudent manner. If any friction was generated, they say, it was not of a nature capable of causing fires. No defective steel cables, improperly secured were responsible for the forest fire they contend.

Thirty witnesses are called in the action, which will probably occupy the Supreme Court several days.

French Finance Debate To-morrow

Paris, March 29.—Debate on the new financial projects will begin in the Chamber of Deputies to-morrow under an agreement reached to-day by Premier Briand, Finance Minister Peret and the Chamber's finance committee.

The committee voted fifteen to ten that the increase in the business turnover tax, which has been a stumbling-block all along, should not be applied to retailers, but only to wholesalers and semi-wholesalers, for whom the rate is raised from 1 1/2 to 2 per cent.

It also increased the tax on wines and mineral waters five centimes per litre.

Bishop Asks to Be Freed From Danish Prison

Copenhagen, March 29.—Rev. Dr. Anton East, Methodist Episcopal Bishop of Scandinavia, recently convicted of misuse of charity funds and sentenced to three months' imprisonment, has asked the king for pardon on ground that he is suffering from diabetes and is unable to stand the prison fare. He also says it is his intention to return to the United States.

NO MONEY READY FOR NEW HIGHWAY THROUGH ROCKIES

**B.C. Cannot Support Alberta
Plan For Yellow Head Pass
Road This Year**

Alberta efforts to secure the completion of another highway through the Rocky Mountains this year by way of the Yellow-head Pass will not be supported by the British Columbia Government. This was made clear by Hon. W. H. Sutherland, Minister of Public Works, to-day.

"We haven't got the money now to go in on a scheme of that sort," the Minister said.

Alberta organizations have been anxious to establish direct automobile communication between Edmonton and British Columbia. At present a motorist wishing to come into British Columbia from the prairie province must go south to Calgary and thence across the Rockies by the Banff-Wintermere Road or the Crow's Nest Pass. A proposed route from Edmonton westward and through British Columbia along the North Thompson River was mapped out by some of the motorists a few years ago. They traveled by old abandoned roads and railway grades.

Even if it had the money for such a scheme British Columbia is not satisfied yet which route should be followed by the proposed highway. Engineers are of the opinion that the North Thompson route might not be the best available and that a better plan would be to build the road from Revelstoke north to the Yellow-head Pass.

WINS DAMAGES FOR INJURIES BY BULL

**Nelson Woman Awarded \$750
Against Owner of Animal**

Nelson, B.C., March 29.—Mrs. C. Jacobson of Deer Park, who sued William Schneider of the same place, for \$500 general damages and \$250 hospital expenses recently, alleging she was attacked on her own ranch by a bull owned by Schneider. Saturday recovered the hospital expenses and \$250 general damages in judgment handed down by Judge J. A. Forin in county court.

His Honor found the bull charged the woman, and stated he disregarded the statements of various witnesses that Mrs. Jacobson, when being treated for her wounds, gave a different version, this being a reference to her alleged admissions she had put her arm around the bull's neck, called it a nice boy and invited it to "go a walk." He found she was then suffering from hallucinations, due to her smashed head, and that these were intensified by a fit.

Choir to Render Sacred
Cantata**

On Good Friday evening the sacred cantata, "Atonement," will be sung by St. Andrew's Presbyterian Church choir under the direction of Jesse Longfield, organist. A short service will precede the cantata.

"Atonement" is the Easter story set to music by R. Deane Shure, a modern composer rich and eloquent in his powers of description. This is the third time this cantata has been sung in St. Andrew's church, and many will welcome the repetition of so beautiful a work.

The solos will be given by Miss Jean Black, soprano; Mrs. Jesse Longfield, contralto; F. W. Frances, tenor, and Robert Morrison, bass.

He was called to the Ontario bar in September, 1922, coming the following January to Vancouver, where for a time he practiced law by himself, later being admitted to the firm of Corbell, McCall, Wilson and Campbell. Later he was a member of the firm of Wilson & Campbell, and upon the death of Mr. Campbell became a law partner of the late Charles Wilson, K.C.

TWICE A CANDIDATE

In politics Mr. Senkler was for many years a prominent figure in the Liberal Party, being a candidate in the provincial election of 1918. A year later, when he contested the Vancouver Federal seat, he again went down to defeat in the election which ended the term of the Laurier Government.

It was in athletics that Mr. Senkler established an envied reputation. It is doubtful if Canada ever produced a greater all-round athlete. In his college days he captained the Osgoode Hall football team, which won the Dominion championship, was selected on the Canadian football team to tour England, and was a member of the Argonaut four which won the American championship in the early nineties.

Upon his arrival in Vancouver, Mr. Senkler immediately identified himself with all amateur sports and for more than thirty years his keen interest never flagged. Only two years ago he personally coached the rowing club 140-pound weight class in the championship at Shawanigan Lake.

IRENE PLOWMAN IS BEST CITY TYPIST

**Local Girl Wins Championship
in Contest Held at Spott-
Shaw School Saturday**

With a rate of 65.5 words per minute Miss Irene Plowman, a stenographer of the firm of Mainwell and Innes, Belmont Building, out of forty-six contestants, won the Victoria and district championship of the fifth annual Canadian typewriting contest, held in the Spott-Shaw Institute on Saturday afternoon.

Fred Jarrett, the Canadian contest judge at Toronto, who set the material for the contest, gave the girls a very difficult task to contend with,

accounting for the slow rate of speed attained by the winners, also noticeable in the competition results throughout the Dominion.

Alice Muriel, who last year was successful in taking the honors for the city with seventy-nine words per minute, finished in second place on Saturday with an average of 65.3 words per minute, and Ida Hoyer third with an average of 65.7 words per minute. All three contestants were therefore very nearly tied for the first place, but Miss Plowman was announced as winner after careful scrutiny of the papers.

Studying all her stenography with the Spott-Shaw School, which she attended since April, 1924, Miss Plowman has made quite a record for herself and the school. Last year she won the Spott-Shaw intermediate challenge cup, which was won by her by Flora Hill and on Saturday, within less than two years since first taking up typewriting, has won the championship of the city.

Before the final definite results are announced the judging of the local examiners will be checked up by Mr. Jarrett in Toronto, and prizes will be awarded on his final decision.

The full results were as follows:

Senior—Irene Plowman, 65.5 words net; trained at Spott-Shaw School; Alice Muriel, 65.3 words net; trained at Spott-Shaw School and St. Ann's Academy; Ida Hoyer, 65.7 words net; trained at Victoria High School. There were thirteen contestants in this class.

Intermediate—Margaret Mackie, 55 words net; trained at Spott-Shaw School; Jessie Thorpe, 49.6 words net; trained at Spott-Shaw School; Elizabeth Sutton, 47.1 words net; student at Spott-Shaw School. There were eleven other contestants.

Novice—Flora Hill, 55.2 words net; student at Spott-Shaw School; Gladys Sayer, 51.4 words net; student at Spott-Shaw School; Grace Humber, 49.3 words net; student at Spott-Shaw School. There were thirteen other contestants.

Senior—Accuracy: Doris Jewell, 94.5 words gross, two errors, 99.78 per cent; trained at Victoria High School and Spott-Shaw School; Ida Hoyer, 1.25 words gross, four errors, 99.6 per cent; Kathleen Robinson, 97.5 words gross, eight errors, 99.2 per cent; student at Victoria High School.

The intermediate accuracy was won by Jessie Thorpe, 98.4 per cent, and the novice accuracy was won by Mildred Stephens, 1.12 words gross, three errors, 99.5 per cent; student at Spott-Shaw School.

The Spott-Shaw challenge cup was won by Miss Flora Hill, who was in the High School section (senior) Kathleen Robinson, 59.7 words net; Intermediate, Helen Ditchburn, 45.8 words net; novice, Mona McDonald, 33 words net.

ARCHITECT TO BE CHOSEN NOW FOR NEW SCHOOL

**City School Board Expected
to Make Appointment This
Afternoon**

The appointment of an architect to undertake the plans for the erection of a four-roomed annex in the Oaklands School district, at an approximate cost of \$15,000, will be the special business before a session of the City School Board at 4 p.m. to-day. The board will also open tenders for the painting of the exteriors of the main buildings at South Park and North Ward Schools.

Decision to proceed with the construction of the Oaklands annex was virtually assured at the last session of the board, as only the absence of the chairman delayed the appointment of the architect at that meeting. Proposals that the board make up with a renovated city building were declined, on the ground that were suitable, in the opinion of the board.

Seek Victoria Representation At Spokane Meet

**Pacific Coast Parks Body to
Hold Two-day Convention in
August**

Victoria representation is urged in the 1926 convention of the International Association of Park Commissioners of the Pacific Coast, to be held during August 15 and 17 at Spokane. The convention was held last year in this city, and drew a large attendance of delegates from all points on the Pacific seaboard.

J. W. Duncan of Spokane, president of the group this year, has written to Victoria members of the executive asking for co-operation in making the convention a success. Eugene S. Woodward is past president of the group, and John Baxter is secretary-treasurer. C. W. Shelley, Vancouver, is vice president, this completing the executive.

As the association's field includes municipal, provincial and state parks, every effort will be made to have representative speakers from all classes of parks at the convention. It is expected that British Columbia, Alberta, Washington, Oregon and California speakers will be prominent on the convention list, while many outside delegates are also to be invited to attend and address the two-day gathering at Spokane.

Five Killed in Train Smash on Line in Brazil

Rio Janeiro, March 29.—Advices from Juiz de Fora, in the state of Minas Geraes, report five killed and eight injured in an accident on the Rod. Sul Mineiro Railway. The engine and a second-class coach were derailed and went down a 200-foot embankment.

cover Boating Club, and later captured the Vancouver Rowing Club for five years. He was considered one of the greatest No. 2's who ever rowed on the Pacific Coast. In cricket, baseball, rugby and on the track he was equally efficient, being chosen on all "rep" teams when in his prime.

Mr. Senkler was a past president of the Vancouver Club and a member of numerous other clubs and organizations in the Province.

For the past nine months Mr. Senkler had not been enjoying the best of health, and it is thought the heavy strain entailed by the recent lengthy fruit trial, in which he acted as counsel for Miss K. Gibson, undermined his strength.

VETERAN FIGHTING MEN HOLD REUNION

**Members of 67th Battalion
Remember Old Comrades at
Annual Gathering**

Ten years after their departure for France, the remnants of the 67th Battalion of Western Scots of Canada held a reunion banquet on Saturday evening at the Dominion Hotel. Former members of the unit from Vancouver, Vernon, Seattle, Nanaimo and Alberni, as well as many of the local ex-soldiers, were present at the gathering.

On March 24, 1916, the battalion left Victoria. Although their ranks have dwindled, the spirit of the 67th is strong in the hearts of the men who are left, and they have not forgotten the comrades who were left behind in Flanders.

Lieut.-Col. Lorne Ross, D.S.O., chairman of the gathering, expressed himself as being hopeful that the reunion gatherings of the 67th would be perpetuated. Year by year their numbers were dwindling, said he, and he hoped that those who remained would stand close together and enjoy a firmer unity.

Messages from ex-members of the battalion were read at the meeting, and among them was one from E. M. "Dad" Bryant. The message expressed his disappointment that he was unable to attend, but it went on to say he himself would stand at attention at 7.30 o'clock and salute those at the dinner who were doing so at the same time. Greetings from Lieut.-General Sir Edmund Ironside, commandant of the Imperial Staff College at Camberley, and many others, were read at the meeting.

Capt. A. A. Schuchman, M.C., proposed the toast to the absent members. Col. R. Gale, a guest of the evening, formerly of the 102nd Battalion, said he had never met a man of the 67th who was not a good soldier.

Speeches from visiting guests and songs and choruses followed the banquet.

Seek Victoria Representation At Spokane Meet

**Pacific Coast Parks Body to
Hold Two-day Convention in
August**

Victoria representation is urged in the 1926 convention of the International Association of Park Commissioners of the Pacific Coast, to be held during August 15 and 17 at Spokane. The convention was held last year in this city, and drew a large attendance of delegates from all points on the Pacific seaboard.

J. W. Duncan of Spokane, president of the group this year, has written to Victoria members of the executive asking for co-operation in making the convention a success. Eugene S. Woodward is past president of the group, and John Baxter is secretary-treasurer. C. W. Shelley, Vancouver, is vice president, this completing the executive.

As the association's field includes municipal, provincial and state parks, every effort will be made to have representative speakers from all classes of parks at the convention. It is expected that British Columbia, Alberta, Washington, Oregon and California speakers will be prominent on the convention list, while many outside delegates are also to be invited to attend and address the two-day gathering at Spokane.

Five Killed in Train Smash on Line in Brazil

Rio Janeiro, March 29.—Advices from Juiz de Fora, in the state of Minas Geraes, report five killed and eight injured in an accident on the Rod. Sul Mineiro Railway. The engine and a second-class coach were derailed and went down a 200-foot embankment.

Surprises Saturday Featured Soccer In Scottish League

**League Leaders Lost at
Motherwell; Aberdeen Lost**

Glasgow, March 29 (Canadian Press Cable)—Two surprises featured Scottish League games Saturday, the defeat of Celtic, the league leaders, at Motherwell, and the victory of Aberdeen over the Rangers at Ibrox Park. The Rangers' forwards were unable to do anything against the magnificent defence thrown up by the Aberdeenians.

At Motherwell, where Celtic ran against a snag, the game went scoreless for the first period, but in the second half Motherwell were put ahead by Little and Tennant. Celtic staged a thrilling and desperate finish, and reduced the lead by one when McNally defeated Motherwell's goalie.

Rokk, with three goals, and Bennie MacPhail with one each, were the stars in the Aberdeenians' team in their tilt against Hibernians. The Easter Road club responded with only one goal, secured through Murray.

An interesting tourney was decided at Tannadice Park when Dundee United obtained the points over the other team that accompanied them from the second string last year, Clydebank. The United stacked up a quintette of counters, while Clydebank went scoreless.

Heart of Midlothians were leading Dundee at Tynecastle Park by a couple of goals in the first half and all appearances had the points sailed away. Dundee staged a strong comeback in the second frame, however, and equalized through Campbell.

BOSTON WINS

Boston, Mass., March 29.—The Boston Athletic Association won the Eastern Hockey League championship by virtue of a 1-1 tie with Pere Marquette in the second game of the playoff here Saturday night. Friday night the Unicorns won 3-1, giving them a 4-2 margin for the series.

SATIN-GLO

A BAPCO PRODUCT

Offers Men, Women and Children an opportunity to win Substantial Prizes

Imagine how proud your son or daughter would be to win a \$45 bicycle, or any of the other prizes listed, through developing their decorative instincts. Imagine how proud you would be to see them do it. Here is the opportunity, and it's a good one.

You probably know how easy it is to use Satin-Glo and what astonishing transformations can be made in walls, ceilings, woodwork or furniture with it. Take some special thing, probably a dresser, bed or chair that you were about to discard; decide on a color scheme for it, and then let the children get busy. They will thoroughly enjoy competing, and it is mighty good training for them.

Don't forget your own letter on Satin-Glo.

If you haven't made a start yourself, get busy. There are \$400 Cash Prizes for adults to win in the same easy way. The substantial cash prizes offered are well worth a little time and effort—then your home benefits.

Remember, you don't have to write a literary masterpiece. Facts are what will count. Simply tell us in your own words what you have accomplished with Satin-Glo—and your chance is as good as the best.

Do it today! Consult any of the following dealers for full information and advice, and mail your letter to "SATIN-GLO CONTEST," British America Paint Co. Ltd., Victoria or Vancouver, before midnight, April 10, 1926.

There Will Be About 60 in the Shelly Series—Watch for Them and Clip Them

THIS same year, 1788, saw the completion of the vessel, of which the keel was laid by Lieut. Meares. It was called the North West America, and was launched, with great ceremony, on the 20th day of September. Meares, in his "Voyages," lays great stress on this event, marking, as it does, the first effort at British ship-building in what is now British Columbia. He mentions the fact that some officers and men of a United States sloop were present at the launching.

Big things rise from small beginnings—in 14 years Shelly's have risen by the sheer merit of 4X Products to a position of the leading bakery in Western Canada. Order from your grocer or phone Shelly's.

ELECTION OFFICIALS APPEAL SENTENCES

Edmonton, March 28.—Hugh C. Macdonald, K.C., filed notice of appeal in the Supreme Court on Saturday against the convictions of J. O. Billos and H. M. Jenner, who were sentenced by Mr. Justice Ross in the criminal court on Friday evening. Billos and Jenner both acted as deputy returning officers in polling divisions in the Athabasca riding in the recent Federal general election. Jenner was sentenced to two years with hard labor and Billos was given two sentences of two years on each of the offences with which he was charged, the sentences to run concurrently.

GANG LEADER HAS \$800,000 HIDDEN

(Continued from page 1)

County with the murder of two guards of an armored car, and in Baltimore with the murder of a guard. Whittemore has made a confession, which was not published because of an agreement with Whittemore, but it has become known that Banton does not consider it complete. It withholds all information as to the disposal of most of the nearly \$1,000,000 loot obtained by the gang. Whittemore says all the money was spent in luxurious living.

HIS SCHEME

The confession is known to incriminate Whittemore, but not Mrs. Whittemore or the Kraemers. Mr. Banton argues Whittemore is eager to avoid trial for murder and to keep the others out of jail.

Anthony Paladino, former convict and a member of the Whittemore gang, pleaded guilty to-day to three indictments charging robbery in the first degree. While Paladino was pleading to the charges against him, Joseph Trop, a jeweler charged with being one of the "fence" through whom the gang disposed of its loot, estimated to have approached \$1,000,000, was arraigned in another court and held in \$54,000 bail for hearing March 31.

TARIFF BOARD PLAN UNDER DISCUSSION

(Continued from page 1)

DAOUTS' VIEWS

Montreal, March 28.—Joseph Daoust, newly-appointed member of the Advisory Tariff Board, in an interview to-day declared he was a moderate protectionist, but not an extremist, and explained his attitude towards the British preferential tariff by declaring that when in a speech to the Montreal Chamber of Commerce two years ago he had gone on record as being opposed to the British preference, he had qualified his advocacy of abolition of it by the statement: "unless Britain made some concessions to Canada in return for the preferential treatment accorded, I am in favor of modification or complete abolition of the preference."

Mr. Daoust said to-day his own views on the question had been modified by the fact that during the two-year interval since he had delivered his speech Britain had made certain concessions and had also lifted the cattle embargo.

"Of course, I would rather grant a preference to Great Britain than to foreign countries," he stated. "I am for Canadian industry, and I include the farmers with the manufacturers, recognizing they are fully entitled to protection as the more direct manufacturers," he said.

SUIT FOR \$14,000 AGAINST PROVINCE

Port Neville Rancher's Action Is Result of Forest Fire of 1925

Vancouver, March 28.—A claim for \$14,000 being filed against the Provincial Lands Department by A. S. Burchett, Port Neville rancher, as a sequel to the disastrous forest fire in that region last year in which a forest ranger gave his life to save the inhabitants of the town. The claim against the Government is a sequel to the discontinuous action begun by Burchett against D. McDougall, forest ranger, who set fire to Burchett's timber for the purpose of checking the main conflagration by means of what is known as "back-firing."

J. Edward Sears, who was retained by the Lands Department to defend the suit against McDougall, to-day received an affidavit in which the plaintiff announces discontinuance of the suit and determination to make a claim against the Government.

After having examined McDougall on discovery, the plaintiff's solicitor, J. Edward Sears, believes McDougall acted in the public interest in firing Burchett's timber to save greater and more valuable tracts of a forest.

The trial is proceeding before Mr. Justice Murphy and a jury of twelve men, all women having been challenged by the defending counsel, A. H. Fleischman.

At the request of Mr. Fleischman, the judge excluded the jury while argument was heard on the admissibility of alleged dying declarations made by Pearl Traversey.

All evidence is being translated to the accused by John Carrelli, Italian interpreter.

HEAVY VOTE TO-DAY IN WEST MIDDLESEX

(Continued from page 1)

Mr. Manion asserted Mr. Elliott was involved in the sale of land to the Saskatchewan Government. In 1912, a deal in which the new Minister of Labor was said to have made some \$25,000.

"The commission never made a report because it did not have anything to report," said Mr. Dunning in speaking of the investigation by a royal commission of the land deal.

"The people get tired of paying money for nothing, and expressed their opinion by electing six Conservatives in a House of sixty-three."

PREMIER KING SPOKE

On Saturday, last day of the campaign, Premier King spoke in support of Hon. J. C. Elliott in Park Hill in the afternoon and in Glenora, the home town of the new Minister, in the evening. At Park Hill an overflow meeting made it necessary for the Prime Minister to deliver two speeches. In Glenora Mr. Elliott was one of the speakers.

One of the statements made by Premier King was: "The Government is in office. It has a majority in the House of Commons. Whether Hon. J. C. Elliott is re-elected or not we are going to carry on. It remains for the electors of this riding to say whether or not they are going to have their member in the Cabinet."

MINISTERS HEARD

In addition to Premier King, five members of the Cabinet toured the constituency Saturday afternoon and evening, speaking in support of the new Minister. The desirability of having Ontario represented on the Treasury benches of the House of Commons was one of the first considerations urged upon the electors. "I want to have this Province of Ontario represented in the Cabinet and it is for you to say whether it is in the interest of the province or not," said Premier King. "It is a big responsibility for you. Ontario already has one Cabinet Minister in the Senate."

At another time Mr. King said: "When the next general election is coming none of us can say at present. Some of our Conservative friends say it will be soon. Others think not so soon."

As far as he was concerned, added the Premier, he intended to carry on until he was defeated in the House. Hon. J. C. Elliott addressed a meeting in Newbury in the evening. During the afternoon and evening

CHARGE OF MURDER HEARD IN VANCOUVER

A. de Bortoli is on Trial in That City as Result of Death of Pearl Traversey

Vancouver, March 28.—Charged with having murdered Pearl Traversey, Alex de Bortoli, forty-eight-year-old Italian longshoreman, was arraigned in the assize court here to-day and pleaded not guilty.

Outlining to the jury the case for the prosecution, A. B. Macdonald, K.C., stated the deceased, who was also known as Pearl Prosser, had been living with de Bortoli and that on the night of November 24 she sustained a knife wound from which she died in a hospital on January 15. There were no eyewitnesses of the stabbing, done apparently with a large butcher knife, said counsel. He explained there was a suggestion that somebody had come to the house on Hogan's Alley, where Pearl Traversey and de Bortoli resided, held up the woman, and stabbed her. He pointed out that although she was injured at 7 o'clock in the evening, her companion, de Bortoli, did not summon assistance until 10 o'clock the next morning, when he took her to the Vancouver General Hospital.

DELAY IN REPORT

Mr. Macdonald stated the police had not been notified on the evening of November 26 of either the stabbing or the "holdup."

The trial is proceeding before Mr. Justice Murphy and a jury of twelve men, all women having been challenged by the defending counsel, A. H. Fleischman.

At the request of Mr. Fleischman, the judge excluded the jury while argument was heard on the admissibility of alleged dying declarations made by Pearl Traversey.

M.P.'S ADDRESSED MEETINGS

In addition half a dozen private Liberal members of Parliament, including several from Western Canada, spoke on the same platforms. James Macleod, M.P. for North Bruce, Ontario, who is spoken of as the next appointee to the Federal Cabinet, spoke at Strathroy and Alisa Craig. Premier King reviewed at some length the political situation arising out of the indecisive result of the last general election. He would have resigned in favor of Mr. Hon. Arthur Meighen, Conservative leader, immediately after the last elections, he said, if he had thought for one moment Mr. Meighen could have secured the support of a majority of the members of the House of Commons. He had felt so sure Mr. Meighen could not do this that he had been impelled to recommend to the Governor-General that Mr. Meighen be called and the opinion of its members be asked as to who should carry on the Government. He had not sought a seat for himself until the House of Commons, after weeks of debate on the Government's policy, as revealed in the Speech from the Throne, had given its support to that policy.

"Mr. Meighen sat through the last Parliament as the embodiment of usurpation of his power," said Mr. King. "He used his last lease of power in 1921 to further his personal ends and ambitions."

FEWER PORTFOLIOS

One of the things accomplished by his Government since the last election, said Mr. King, was a reduction in the portfolios. The number of these portfolios had been increased during the World War to provide emolument for members of other parties who had gone into the Union Government and to make union government possible.

It was strange, said Mr. King, to see Mr. Meighen condemning the coalition of the Liberals and Progressives in the present House. Mr. Meighen had found it possible to carry on for years after his mandate had really been finished through the support of coalition of Liberals and Conservatives. He did not think a statesman who uttered wholesale charges against the Progressives and Liberals alike of "log rolling and bribery" was worthy of the confidence of the voters.

Every one of the burned horses was well known throughout Canada. Mountain Onks, by Honeywood, and Heth Page were recognized as the two "aces" of the Emmert stable. Prairie, another old campaigner, who was burned, won the Calgary Derby in 1920. He was ridden by Harry Rowe.

Six men were asleep in the barn when the fire broke out. One section of the barn was well alight before anyone awoke. The first man up shouted a warning and ran, and when the others awoke the barn was blazing.

A COMPLIMENT TO VICTORIA

IT IS A COMPLIMENT TO VICTORIA that the local Chamber of Commerce should be asked to arrange for a discussion of Canadian-United States trade relations at the convention of the United States National Foreign Trade Council at Charleston, S.C., next month. The invitation came from the Council's president, Mr. James A. Farrell, who, by the way, is also the executive head of the United States Steel Corporation, and is largely the result of the excellent work put in by the Victoria delegation at the recent gathering of the Pacific Coast Foreign Trade organization at San Francisco.

It is hoped and expected that Canada will have a strong delegation at the Charleston meeting. The United States Foreign Trade Council numbers in its membership representatives from all the great industrial concerns in the republic and in point of capital behind its roster it is easily the most wealthy commercial body in the world. With Victoria playing an important part for Canada, and its Chamber of Commerce president one of the principal speakers, it follows that this city will obtain some extremely valuable advertising. It should be remembered, also, that a number of wealthy American industrialists and investors are turning their attention to British Columbia and particularly this section of it. This fairly certain development should receive fresh impetus through the part which Victoria will play at Charleston. In a wider measure, of course, the country will derive much benefit from the interchange.

JUDGE A. A. FREEMAN

A LONG AND INTERESTING CAREER, marked by considerable distinction, came to an end with the death of Judge A. A. Freeman, a well-known resident of Victoria for nearly twenty years. From his early manhood until he became a resident of this city, Judge Freeman had played important parts in the public life of his country. He was active in politics in Tennessee, his native state, serving three terms in the legislature. Subsequently he was appointed United States Consul at Prague, Bohemia. Later he practiced law in Washington, and eventually was appointed Associate Justice of the United States Supreme Court in New Mexico. On his retirement from the bench he pursued his profession in that state. He was a man of unusual ability, wide knowledge and exceptional strength of character. He was a splendid public speaker. On the bench he was noted for the soundness of his judgment and his comprehensive grasp of the law. He had the courage of his convictions in the fullest measure and never feared to sound them, especially when he was moved to their expression by some exhibition of injustice or unfairness. During his residence in Victoria he made many friends who admired him for his fine, old-fashioned courtesy and kindness, as well as for his outstanding intellectual gifts. He was a frequent valued contributor to the local press on a wide range of subjects, his views always commanding interest and respect. His passing will be regretted throughout the community.

THE OTHER ONE

A CORRESPONDENT SEEKS INFORMATION about the last tariff commission that toured Canada. He says he recalls only the commission appointed by the Laurier Government about twenty years ago and headed by the Hon. W. S. Fielding.

Our correspondent can be readily excused for not recalling the visit to Victoria of the tariff commission appointed by the Meighen Government in the late Summer of 1920 under the chairmanship of Sir Henry Drayton, because it did absolutely nothing to impress itself or its activities on the memory. It was not appointed for that purpose. Its appointment was a political stratagem designed to side-track the tariff issue. Mr. Meighen contemplated an appeal to the country within a year or more. He hoped to win a considerable number of seats in the Prairie provinces and retain a big following in the East.

Obviously with such an outlook Mr. Meighen did not want to raise an issue which might react to his disadvantage in either of these sections. At the same time he was being pressed by both elements for some action on the tariff, so he decided it would be good political business to appoint a tariff commission that would only delay matters. The commission ran true to design. It toured the country at considerable expense, made some very judicious inquiries, enjoyed a number of banquets, and finally submitted a report of which scarcely anything ever was heard afterwards.

The commission, consisting of Sir Henry Drayton, Hon. Gordon Robertson and Hon. S. F. Tolmie, visited Victoria towards the end of September, 1920, and held a session. During their stay they were entertained at luncheon by the Victoria Board of Trade and the local service clubs. The cost of the commission was precisely \$17,153, which Mr. Meighen

no doubt at that time regarded as a moderate price to pay for the privilege of doing nothing with the tariff and therefore offending nobody on the eve of a general election. But out of that contest he emerged with only 50 followers in a House of 235, so his stratagem turned out to be a pathetic failure. He must have offended everybody.

CALIFORNIA AND BRITISH COLUMBIA

WRITING FROM STOCKTON, CALIFORNIA, where he has apparently done a little investigating on his own account, a correspondent of The Vancouver Daily Province sends the following communication to its editor which the people of Victoria might note:

Your readers and Vancouver property owners might be interested in a few observations just made of California coast cities as compared to Vancouver. The big influx from other states as well as from Canada has slowed down—the real estate boom has subsided but not the boosters, for everybody is a booster here whether prosperous or not. It is a great spirit and helps the cities in the race for growth.

The building boom in most of the cities has reached its climax and more than reached its requirements—the "rent" sign is to be seen everywhere with house and flat rents down to nearly one-half and store rents weak.

San Diego, with a population of 140,000, or perhaps 100,000 less than Vancouver, compares something like the following:

The best Harbor—Small with a handful of shipping compared to Vancouver. Farming—Practically none adjacent, though the Imperial Valley, not far away, might be greater or less value than the Chilliwack district. Tourists—Quite an influx.

Outside of this there appears to be no other business except the United States naval base to keep up this city's reputation.

No industries, factories, fishing, mining, lumbering, pulpwood, nor even a wholesale district of any consequence and yet this city with 100,000 less population than Vancouver is making sales of her best business property at \$5,000 per front foot.

At Long Beach, with a population of about 125,000, business property has reached \$8,000 per front foot and in view of its proximity to Los Angeles and the oil wells they do not look upon these figures with the slightest fear of a shrinkage or slump.

The values in Los Angeles, of course, are much higher, but this being such a huge city, comparisons with Vancouver are hard to make.

However, the comparisons of the cities of Long Beach and San Diego, with half the population of Vancouver and one-quarter the possibilities, should serve to "warm the feet" of Vancouver property owners.

There is plenty of evidence that investors are thinking of British Columbia. Men of money and vision on both sides of the line are looking for new worlds to conquer. They will find this Province an illimitable field for development.

FORGETTING THE PAST

THE MORNING PAPER QUOTES HON. Charles Dunning as saying that it is his task to build the Hudson Bay Railway, and then observes that "if that is the case he will be the most costly Cabinet Minister Canada has ever had."

Our contemporary would have been following the contention of other Conservative newspapers if it had gone on to repeat the charge that the King Government bought office from the Progressives with the Hudson Bay Railway. They ignore the fact that the Conservative leader himself promised to finish the project "if it did not cost too much." They conveniently forget that the railway is not a one-party undertaking, and they never mention that out of the \$21,548,606 spent on it between 1909 and 1925 no less than \$20,821,458 was spent by the Borden and Meighen Governments. All that the Liberals have been responsible for so far is the comparatively small sum of \$727,148.

This means that if Mr. Dunning is going to complete the line, he will do so in the first place because it will be good business to complete it, and in the second place because it is necessary for this Government to spend more public money to protect the twenty-odd millions already sunk into the venture by previous Conservative administrations.

WHAT OTHER PAPERS SAY

VITIATING THE CUSTOMS INQUIRY

From The Ottawa Citizen
Mr. H. H. Stevens is no doubt acting in accordance with the considered opinion of the Conservative board of strategy. He is spreading himself over many pages of the minutes of proceedings and evidence, of the special committee investigating the administration of the Department of Customs and Excise. He is being followed with more than usual attention by parliamentary press reporters. But the Conservative party's tactics, keeping Mr. Stevens in the limelight to make political capital out of the Stevens charges, is vitiating the investigation. The reports of the committee must be allowed to look into the reports of the committee. Unscrupulous rascals, thugs, bandits, thieves, a criminal army, may still be operating in the smuggling traffic. But some of the agencies that supply the criminal element with the goods for contraband traffic are influential. Some of the conspirators may be pillars of Canadian society. Some of the master crooks are crafty, calculating perhaps able to pit criminal cunning against the eagerness of party members to make political capital. One impression that the committee has made, so far, is that the crooks are holding their own.

With the best of intentions, the persistent effort of Mr. Stevens to conduct the investigation in behalf of the Conservative party, is tending to vitiate it. For various reasons, other members of the committee seem to be willing to let him go on. Some seem to be bored, others puzzled, while the expression on the face of Mr. R. B. Bennett is enigmatical.

Health and Disease

THE EASIEST WAY

There is a book, written about 1,900 years ago, by a very learned man. That is, he knew a great deal about many things, but he did not know much about medicine. Nevertheless he gave a great deal of advice about the cure of disease, just as many people to-day, who know nothing about it, advise sure cures for all sorts of troubles. The old Roman, just a man of letters, merely repeated old wives' tales. Listen to what he recommended for cough. "A wolf's liver, administered in mulled wine, is a cure for cough; a bear's gall also, mixed with honey; the ashes of the tips of a cow's horns; or else, the saliva of a horse." He also advised that the patient catch a tree toad and spit in its mouth and let it go, when the toad would go with it.

We rightly laugh at such absurd notions and foolish superstitions, but there are plenty of people to-day who are just as foolish as they would be if they used old Pliny's remedies.

There are vast numbers of persons, whom when they have cough, but a bottle of Mother James's remedy, some kook-a-too medicine, or the Jones Brothers' tablets, Some "patent medicines" so-called are actually harmful and most are as useless in any disease as Pliny's remedies. Never and above this, how ridiculous it is to suppose that a manufacturing concern in Toronto or Montreal can have the least idea of what particular treatment is needed for each kind of cough. The hundreds of thousands to whom the remedy is sold.

Cough is due to a number of causes, and each kind needs its appropriate treatment. Probably more coughs are due to cold than anything else. Take care of a cold and it will probably well; neglect it and expose yourself and no medicine will help. Properly remedies are a delusion and a snare. The most common cause of chronic cough is probably tuberculosis. The patent medicine maker can not know whether the patient has tuberculosis. All he cares about is to sell a bottle and get a dollar. At last the discouraged patient goes to a physician and finds, too late, that he has well-developed consumption.

Most people do not realize how often cough is due to disease of the heart or arteries. He who hopes to cure heart trouble with patent medicine is indeed leaning on a broken reed. He might as well take a wolf's liver in mulled wine. Wonder can be done for heart trouble by right living and sometimes the right medicine acts almost like magic. Certainly the patent medicine man can not know what kind of heart disease the patient has, but he can take the dollars and let the trouble go on.

Why are people so foolish? In part, at least, because it is the easiest way. No one wants to stay in the house to cure a cold. It is easier to take a dose of medicine. Every one rights a dread of consumption. No one wants to give up work for a sanatorium, so he takes the medicine a friend prescribes, instead of consulting a physician. It is the easiest way, but like many an easy road, it often has a sad ending.

Canadian Questions and Answers

MACDONALD COLLEGE

Q.—What is MacDonald College? A.—MacDonald College is one of the world's greatest agricultural colleges, near Montreal. It is the gift of a wealthy Canadian who was a well-known tobacco manufacturer. It is the largest institution of its kind in the Dominion and, verily, as has been said, in the world, with a large yearly enrolment. Its work in experimentation is also of the first importance and value.

LAKE OF THE WOODS

Q.—Where did the Lake of the Woods get its name? A.—The Lake of the Woods is first mentioned by the French equivalent (lacs des Bois) Verendrye's accounts of his explorations in 1732 and later years. Of all early travelers, Verendrye is the most closely associated with the lake. He built for St. Charles near the Northwest Angle in present Minnesota in 1732, and four years later his son, a priest (Father Aulneau) and their company of sixteen men were massacred by Sioux while camping on an island in the lake. At least three islands are claimed to be the scene of the massacre. A memorial chapel to the victims has been erected on an island in latitude 49 degrees, 17 minutes, longitude 94 degrees, 46 minutes, and this the Geographic Board of Canada has recently approved the name Massacre Island. Since Verendrye's time the name Lake of the Woods has been in general use.

DO YOU MEAN WHAT YOU SAY?

"The Jug." The use of the word "jug" to designate a prison or jail is generally regarded as slang and it will probably be surprising to those who have not heard the word used in this sense. It has an origin dating back as far as the days of Homer and his "Iliad." In 1587, and 1588, Homer uses the word "keramos," which means both a stone jar, and a prison. The word "jug," therefore, seems to have a very old and legitimate origin despite its classification as slang at present.

Local Hoop Teams Lose Title Games By Small Margins

Greys go Down Before Fast Rushing Crusaders; Axioms Lose to Felixes

After trailing the Vancouver Crusaders by a number of points throughout the game, the Greys, intermediate "B" round school champions of this city, put on final spurt in the provincial semi-final game at the Armories Saturday night, and all but caught up to their opponents, but failed to win the game with a three-point lead, the score being 25-22. The mainland boys by their win go to Revelstoke to battle for the provincial intermediate "B" boys' title.

Victoria's girls in the Axioms were also unsuccessful in coping the honors in their tussle with the Felixes of the St. John Church of Vancouver. The Axioms had the better of the first two quarters, but the Crusaders, crew came along with a fast rush in the closing stanzas and outscored the local five, 11-3. At the half the score was 10-0 in favor of the 7-4, but could not keep the visitors in check after the interval.

Tommy de Macedo refereed and the teams were:
Felixes—Theima Mahon 1, Effie Silverthorne 3, May Silverthorne 5, Frances Andreen, Marion Shelly, Florence Seeley and Doris Shuttleworth.
Axioms—Kathleen Forbes 5, Minnie Briggs 2, Hilda Styan, Margaret Wilson 1, Ruby Bethell, Dorothy Watson and Jean Nicholson.

Ability to anticipate the moves of the Greys was one of the chief factors in the Crusaders' victory. Their forwards continually managed to intercept the passes of the local squad, time after time securing the ball in this manner and getting control of the play.

They snapped the ball away quickly whenever they had possession, whereas the Victoria lads held the ball too long before passing, giving the opposing team a chance to take up better positions. The locals were down six points at the interval, the score being 15-9 against them. Towards the closing stages of the game they came along with a fine rush, and nearly succeeded in upsetting the apple cart for the visiting boys. Had they started the rally a few minutes earlier a different story would probably have been told as to the winner.

SCORING HONORS
For the winners Enoch Williams took the scoring honors with ten points. Kenneth, following with seven. Alec Cudlip and Frank Skinnings were high men for the Greys with nine and eight markers respectively.
de Macedo refereed and the teams were:
Crusaders—Kennedy 7, Couveller 4, Williams 10, McRae 2, McIntyre 1, Harward, Harvey 1.
Greys—Cudlip 3, Willick, Skinnings 8, Webster 1, LeMarquand, Feden 4, Acres.

FUNERAL SERVICES TUESDAY FOR LATE JUDGE FREEMAN

Venerable American Resident Had Notable Judicial Career

Funeral services for the late Judge Alfred A. Freeman, who passed away on Saturday afternoon, will be held on Tuesday at 3 p.m. at the residence of his daughter, Mrs. J. O. Cameron, 1085 Moss Street. The funeral will be under the auspices of Victoria-Columbia Lodge No. 1 A.F. & A.M., of which the late judge was a member. Interment will be made in Royal Oak Burial Park. The remains will repose at the Thomson Funeral Home until Tuesday forenoon.

The late Judge Freeman was born in Haywood County, Tennessee on February 7, 1838, and from his youth showed an extraordinary aptitude for law. When only sixteen years of age he started his legal studies, and in a few years was admitted to the bar. Mr. Freeman grew to manhood in Haywood County, which country he subsequently represented in the state legislature for three terms.

HAD COURAGE OF CONVICTIONS

Three times Mr. Freeman was named by his party without seeking the nomination, and in 1871 was the only Republican elected West of the Cumberland Mountains. A man of strong convictions and imbued with the courage of those convictions, Mr. Freeman staunchly supported the Union cause during the Civil War, although his district was strongly secessionist. After the war he was a consistent opponent of the Ku Klux Klan and its operations.

In the reconstruction period after the Civil War he again fought for his convictions in an incident which showed his moral calibre.

A bill had been introduced disfranchising all participants in the Civil War on behalf of the South. Mr. Freeman, to prevent its passage, resigned his seat, and thus broke the quorum. A re-election was called by the governor, and a quorum secured, and the bill passed, but the judgment of Mr. Freeman was sustained by the state Supreme Court, which declared the law unconstitutional.

In 1872 he was a candidate for the office of Governor of Tennessee, but was defeated by John C. Brown by a majority of 10,000. This was regarded as remarkable, the previous majority being 55,000.

CONSUL AT PRAGUE

In 1872 he was appointed Consul at Prague by President Grant, where he served until 1877, when he was appointed Assistant Attorney-General of the postoffice department, which office he continued to hold until 1885. He then went into practice of law in Washington before the Supreme Court of the United States, the Supreme Court of the District of Columbia, committee of Congress, and the executive departments of the government, being associated with Hon. H. D. Myer Mississippi.

ON NEW MEXICO BENCH

In 1890 Mr. Freeman was appointed Associate Justice of the Supreme Court of New Mexico, and he was assigned to the Fifth Judicial District. Important cases came before the court of the territory as it then was, several of the judgments of Mr. Freeman being sustained on appeal to the Supreme Court of the United States. The ancient civil law of Spain, as developed in Mexico, and expanded in the territory, occupied his attention in important land cases during his incumbency of the bench. A keen sportsman, Judge Freeman had many trophies of his big game expeditions. Even in his seventieth year, while in New Mexico, he would

frequently take his packhorse and gun and go off into the mountains after big game, never failing to secure a bag.

In 1895 Judge Freeman retired from the New Mexico Supreme Court bench and went into private practice until his retirement in 1907. In that year, he came to Victoria and was actively associated with his son-in-law, J. O. Cameron, and D. O. Cameron, in the Cameron Lumber Company Limited, holding the office of vice-president until shortly before his death.

A fine, polished orator and a great student, Judge Freeman was a gifted speaker and writer until the infirmities of age curtailed his activities. He was an ardent chess enthusiast, and was for many years an active member of the local Chess Club. He was a thirty-second degree Scottish Rite Mason, and a Knight Templar of the York Rite, A.F. & A.M.

The late judge is survived by his widow, who resides with her daughter, Mrs. J. O. Cameron, four sons and three daughters, Mrs. Cameron, Mrs. Jennie Koon of Alameda, Cal., who arrived on Wednesday last, and Mrs. Garner of Washington, D.C., who reached the city to-day. One son died as a young man from the results of an accident.

Carlisle is a bay colt, three years old, bred in England by Phalaris, out of Carnival, and was acquired by W. T. Anderson, of Chula Vista, as a two-year-old for the reported price of \$6,500.

A crowd estimated at well over 25,000 saw the race. Mutual prices were: Carlisle \$4, \$3.20, \$2.20; Roycroftier \$7.50, \$4.40; Cherry Tree \$3.20.

To Sell is to Serve

Idealism sometimes proves itself practical.

Graham Brothers Truck business was founded upon an ideal—"To sell is to serve."

Instead of merely building trucks for the "market," Graham Brothers analyzed the specific requirements of the many industries comprising the market—and supplied the exact type of truck best suited for each.

Built on a chassis that has won innumerable laurels for endurance, including an award for passing "impassable" roads in Russia, Graham Brothers Trucks have proved that they answer the great need of modern business.

Whatever the business, whatever the peculiar requirements, Graham Brothers supply it—and service it through Dodge Brothers Dealers all over the world.

Thus the perfection of an ideal has brought to merchants a new and valuable service—and has made Graham Brothers the largest exclusive truck manufacturers in the world!

Girl Guides Gave Entertainment at Aged Men's Home

The third Victoria (St. Margaret's School) Company of Girl Guides went to the Old Men's Home on Friday evening to give an entertainment. The men appreciated the informality of the programme, which was more like a "stunt night" than a regular concert, and the guides were more than usually full of life and fun. After a brief introduction of the company by Capt. Miss Townsend and a piano solo by Mary Butchart, the evening began with an amusing action song, "Oh no, John," by six junior guides, Emma Moss, Barbara Heseltine, Marjorie Beedham, Barbara Kennedy, Orrie Brantfoot and Barbara Paltson. Several old English country dances followed, interspersed with an Irish reel by Celia Lucas, Phoebe Gibbins, Orrie Brantfoot and Barbara Heseltine; a hornpipe and Highland fling by Margaret Morrison, and songs by Miss Townsend.

A story of the adventures of a fisherman in search of a wife in the old romantic fashion of bringing pearls of great price and performing deeds of great skill, was told by Pat Johnson in her most amusing style, and was greatly appreciated by both old and young. Another very popular feature was the informal

sing-song, for which, in guide fashion, the girls sat cross-legged in a circle on the floor, much to the amusement of the audience. All kinds of songs were given—sea-chanteys, sweet songs, camping songs, and such foolish rhymes as "The Animals Went in Two by Two." The programme ended with a dramatized version of the song, "Little Damsel," by Dorothy Johnson, Margaret Morrison, Mary Butchart and Barbara Heseltine, after which sandwiches and cake were served. After a few modern dances, the guides sang "Taps" and the National Anthem, and went home, having given and received a great deal of joy.

THIS HUSBAND TO USE COOK STOVE

Ontario Couple Come to Agreement After Court Case

Kenora, Ont., March 25.—The domestic affairs of the Jachowski menage, which were aired at considerable length in the police court last week, came to a happy termination on Saturday when the sixty-year-old bride, Madeline Jachowski, and her husband, the following concessions in so far as the culinary arrangements at the home were concerned: "I will permit my husband to cook his own meals and he can use the range whenever he wishes to." The aged bridegroom nodded approval and added: "That suits me fine—if she lets me use the stove, I will give her everything necessary—and I will give her pocket money every week." He then produced a roll of bills and advancing toward his blushing spouse, presented her with a crisp new bank note. The husband's objection to his wife's cooking led the pair to court.

Toronto Girl New Canadian Open Typing Champion

To make the ball in every way a huge success a number of local artists have consented to lend their assistance in providing entertainment for the large crowd which is anticipated to be in attendance.

Women's Danger

Of offending under the oldest hygienic handicap now ended. New way provides true protection—discards like tissue.

WITH the old-time "sanitary pad" women realize their constant danger of offense, plus the embarrassment of disposal. And thus spend unhappy days.

"KOTEX," a new and remarkable way, is now used by 8 in 10 better class women.

It fits times as absorbent as ordinary cotton pads!

You dine, dance, motor for hours in sheerest frocks without a second's doubt or fear.

It deodorizes, too. And thus stops ALL danger of offending.

Discards as easily as a piece of tissue. No laundry. No intervention of doctor or department store, without hesitancy simply by saying "KOTEX."

Do as millions are doing. End old, insecure ways. Enjoy life every day. Package of twelve costs only a few cents.

The conference will open on Monday, April 5, with a reception by E. W. Beatty, chairman of the conference committee, and attended by His Excellency Lord Byng.

RUSSIAN IMPERIAL JEWELS REACH U.S.

Former British Naval Attache's Wife Declares Them at New York

New York, March 29.—Mrs. Nathalie Bucknell, wife of a former British naval attache at Petrograde on her arrival Saturday, surrendered to customs officials for appraisal a collection of former Russian Crown jewels, for possession of which she said she and her husband once faced a Soviet firing squad. Mrs. Bucknell had valued the collection at \$50,000, but customs officials estimated the value of one brooch alone at that much. The jewels were contained in a gem-studded jewel case. They included a collection of rings, bracelets, buckles and other trinkets. Mrs. Bucknell said the collection had been entrusted to a person whom she refused to name for display here. She said that once she and her husband were seized by Bolsheviks who demanded a certain ransom, she had revealed the hiding place of the jewels, but that she had refused to give it up, even when the leader of the firing squad raised his hand to give the order to fire. "I had sworn not to divulge the secret, and I didn't," she said, "and we weren't shot. I had called their bluff."

Y.M.C.A. SHOWER WAS BIG SUCCESS

The Y.M.C.A. linen shower on Tuesday afternoon, under the auspices of the Ladies' Auxiliary, was a wonderful success. The many pieces of linen, as well as numerous cash donations, indicate the genuine interest and generous support of the "Y's" many friends and is a great encouragement to the auxiliary in their efforts. Tea was served at small daintily-arranged tables, each in charge of a hostess and the room was charmingly decorated with Spring flowers.

The following artists gave a much-appreciated programme: Miss Joan Wright, Mrs. Wesley Miller, Mrs. G. H. Greene, Mrs. Fred Wright, Miss G. Marchant, Miss Winnie Near, Miss Norma McComb, Miss Margaret Otto and Mr. Stanley Wakenham.

Jubilee Hospital W.A.—The regular monthly business meeting of the Women's Auxiliary of the Jubilee Hospital will be held at the Nurses' Home on Wednesday, March 31, at 2:30 o'clock.

YOUR BABY and MINE

BY MYRTLE MEYER ELDRED

"regular" milk and the boy is on a general diet and gets plenty of fresh green vegetables and fruits, I see no harm at all in using this milk.

Wake the baby for a short time at his regular feeding times and he will soon respond by waking always at that time.

CONSTIPATED AND WAKEFUL

Mrs. E. D. L. writes: "I give my ten weeks' baby four ounces of half water and half milk and one teaspoon of maltose in each bottle. She is supposed to go to sleep at 10 o'clock, but wakes and cries so badly that I do not know what to do. She is also extremely constipated. Physic does no good and I do not like to give so many enemata."

"Kindly let me know what to do. She seems to have pains when she takes her milk as she screams and seems uneasy."

ANSWER—If you had told me the baby's weight I could judge more accurately how good her formula is. She should have another feeding at night. If she cannot get through the night without one. Evidently the day time feeding is unsatisfactory or indigestible, and when this is altered the child may be able to sleep but she is still rather young to go from 10 to 6, and the 2 o'clock feeding is permissible. The chronic constipation makes one suspect under-feeding. Let her have a self-addressed and stamped envelope for it.

ANSWER—Evaporated milk is just ordinary milk minus the water. If you put enough water into it to make it

Report Revived That Princess Marie to Wed Italian Crown Prince

Rome, March 29.—A Brussels dispatch to the Popolo di Roma, says that Princess Marie of Belgium, who is expected to visit the Italian monarchs at San Rocco at an early date, is likely soon to be betrothed to Crown Prince Humbert.

Last year when Princess Marie was at Bordighera, her name was linked with that of the Italian Crown Prince in betrothal rumors but some months later it was reported that Humbert might wed Princess Beatrice of Spain.

was cut by Mrs. H. Laurie, the first president of the Institute and Mrs. J. J. Mitchell, the present president, each briefly telling of the commencement and work of this institute. The health of the ladies was proposed by Mr. W. D. Mitchell, H. C. Tanner also spoke of the good work that had been accomplished by the members. FORMER VICTORIAN SANG OVER RADIO

James Neill North, Winning Laurels in California

James Neill North, formerly of Victoria, who sang over radio station KFI at noon to-day, is making rapid strides in his chosen profession in the South. This clever young musician is now tenor soloist in the Congregational Church at Pomona, California, one of the largest churches on the Pacific Coast.

He recently appeared in recital with a New York singer at Santa Monica, of which the following eulogistic criticism was published in the local press:

"James Neill North, popular Ontario tenor, was heard in a number of difficult song groups at Santa Monica yesterday when more than 200 were bidden by Mme. Jule Neuff-Robinson to a recital marking the close of her winter season at the beach city. Mme. Neuff-Robinson and her niece, Miss Violette Ramsey, are leaving for New York, where they will conduct Summer classes.

"An interesting feature of the programme was a song written by Margaret Montgomery, a Chaffey High School student, and set to music by James Neill North. The number, 'Twilight Calm,' was well received by the large audience. Mr. North was accompanied at the piano by Miss Violette Ramsey.

"His first group was in Italian and comprised 'Che Gelida Manina,' by Giordani, and 'Vesti La Giubba,' from Pagliacci."

"His second group of four songs in English included 'Dreams,' by Earl Johnson of Upland.

"Two selections in Italian from 'La Traviata,' comprised a group

by Mme. Neuff-Robinson, who also sang a duet with Mr. North, 'The Miser,' from Il Trovatore.

Alex Chernavsky, Pianist, to Marry Toronto Girl Shortly

St. John, N.B., March 29.—Alexander Chernavsky, the famous pianist, arrived here on the liner Montrose Sunday enroute to Toronto to marry Miss Ella Freeman, whom he met in Toronto three years ago while fulfilling an engagement there.

"GET" COLDS QUICK! DON'T WAIT FOR CHILLS

When you feel a cold beginning, take hot lemonade. Then go straight to bed, under warm covers. You'll perspire, but in nine cases out of ten the cold will go. In the morning there won't be a trace.

Millions profit in untold ways by this measure of prevention.

If you are sneezing, if you ache, take hot lemonade tonight, and cheat the cold. It's the cheapest, simplest, surest, safest way.

Just squeeze the juice of a California lemon in glass or cup of hot water. The effectiveness of hot lemonade is due to more than its heat. Add sugar if you wish.

Ask for California lemons, the tart, juicy, practically seedless kind. They make the most effective lemonade for colds.—Adv.

"More like home than anything afloat!"

"My dear, I shall be actually sorry when we arrive, and I have to leave this comfortable cosy ship—everyone has been so thoughtful and courteous. And I am so glad my husband booked my return passage on this nice new Cunard boat. There'll probably be some sorry people coming back, who will have to take whatever accommodation they can get."

"I sleep so well. You must have noticed how fresh the air is in the cabin. That is the Cunard's new ventilating system."

Tennis, Golf, Shuffleboard, Quits, Gymnasium—Dancing, Bridge and dinner parties—all the comforts of a high-class hotel, at most moderate rates.

For many years Cunard has paid special attention to ladies and children travelling alone. There is a delightful nursery on each ship in charge of a children's nurse. This is Cunard's 86th year of continuous service in the ports of the world.

TWO FAMOUS STARS APPEAR IN NEW MONTA BELL PICTURE

Ricardo Cortez With Greta Garbo in Ibanez Torrent Story Adapted From Vivid Spanish Romance Showing at Capitol.

One famous star in a role that portrays him in a startling glimpse into his future; another famous European star, making her bow in American pictures, are the two interesting personalities in the new Cosmopolitan production of "Ibanez Torrent," now playing at the Capitol Theatre.

The first is Ricardo Cortez, delineator of fiery Latin lovers; he plays a young Spanish statesman, rather the safe-and-sane type of lover except when big moments arise—and his most remarkable feat is toward the end of the picture, when he appears as himself at middle age after a lapse of years, and gives a characterization that is nothing short of astounding.

The other is Greta Garbo, the celebrated Swedish screen beauty, brought to America after the sensational European success, "The Attraction of Goesta Berling." Miss Garbo is beautiful—wears wonderful gowns—and is a revelation in the artistry of emotional acting.

The story adapted from the vivid Spanish romance by Vicente Blasco Ibanez, author of "The Four Horsemen," is told in a lavish scale in the new picture, under the direction of Monta Bell, and the settings provided for it at the Metro-Goldwyn-Mayer studios are spectacular, especially the great Spanish throne room in Madrid.

Miss Garbo plays an exotic Spanish opera star, and Cortez, her lover, a young statesman, and the love of the two, bridging diverging roads of destiny, forms the central theme. A great thrill is provided in the sensational flood wiping away a Spanish village, and a daring rescue by Cortez.

The rest of the cast is notable, including Gertrude Olmsted, Tully Marshall, Arthur Edmund Carew, Lillian Leighton, Lucy Beaumont, Mario Carillo, Lucien Littlefield, Martha Mattox, Mark Swain and others.

Topical Comedy at Playhouse Founded On Excellent Plot

Johnny Johnson of Johnson Street is Latest Hincks Production

"Mr. Johnson of Johnson Street" is the title of the latest stage scream which will be offered this week, commencing to-night at the Playhouse Theatre. This comedy is full of laughs, and the different song numbers will prove irresistible. The screen attraction, "Why Women Love," featuring Blanche Sweet and Robert Frazer, is a thrilling drama of run runners and a big battle for love in a lighthouse.

The scene of the presentation of the Hincks Players, is laid in Johnny Johnson's home on Johnson Street, where he resides with his sister, Jinny. They are expecting a visit from their uncle, James Johnson, who is wealthy, and returning from his diamond mines in Liberia. They have two servants, McIntosh, the butler, who is nicknamed "Sticker," and Armitage, the scullery maid, who is given the appellations of "Peppermint" and "Peppermint."

The servants are advised that Uncle James is eccentric in character and will most likely breeze in at the Johnson Street abode attired in workman's clothes. And when Jimmy Johnson, the plumber, arrives at the residence to fix the chimney flue, he is mistaken for the rich relative, and treated like a "prince" by the servants. Along comes the real "James," who is refused admittance to the place. And what a merry climax to the whole farce follows. It is a first class riot.

The feature musical hits in "Mr. Johnson of Johnson Street," include the following song numbers: "I'm the Plumber," "One of the Family," "Now I Have to Call Him Father," "Close Your Eyes" and "Tennessee Choo-Choo."

Coliseum Offers an Intriguing Bill as Big Drawing Card

"Up in Mabel's Room" Tells Comedy Story of Strange Guest

Little indiscretions of our youth—what complications and trouble they cause! Many stories have been written around the subject of the incriminating letter and the consequent unhappiness caused by the too fervent avowal of love who "didst protest too much." Thus with the quest that began and ended, "Up in Mabel's Room," which is the intriguing title of the farce which has been chosen by Mr. Ed. Redmond to follow his three productions of the past weeks which have put the newly organized and augmented Coliseum company right in the centre of the map so far as entertainment in Victoria is concerned.

But in this case it was not a letter that caused the trouble, but a little present to a lady—a present so intimate that it could only have been sent by one of extreme innocence, or of extreme sophistication in the gentle ways of love.

If Harry Almsworth had not been so shy, if he had not gone to Paris, if he had been less artistic or more experienced, all would have been well—but in this case there would have been no story and no plot for the comedy which will be unfolded on the Coliseum stage to-day.

"A Slip of a Thing" "Up in Mabel's Room" is a comedy of complications. Misunderstandings occur on every side and almost everybody gets in wrong as the absurd quest goes on.

And the cause of it all is just the tiniest thing, something that could be tucked in the palm of the hand—in fact it was a "slip of a thing" that caused the trouble.

This is the fourth week of the full season at the Coliseum of the full evening show, and the increasing enthusiasm of modern comedy have received and the popular appeal made by the correct presentation of these accepted, have proved that date comedies, have proved that there is in Victoria a discriminating audience ready and willing to give generous response when an effort is made to provide something that is

MUSICAL PROGRAMME AT CAPITOL TO-NIGHT

The Capitol Theatre orchestra, under the direction of A. Prescott will render its usual orchestral programme to-night. The numbers selected to fit the feature picture, "The Torrent," have been very carefully thought out, and will be of very great value in lending the proper atmosphere. Some of the numbers to be rendered during the evening are as follows: Overture, "Carmen" (Bizet); Serenade, "La Paloma" (Yradier); Serenade, "You're in Love" (Primi); Valse, "Immeretta" (Marchetti); Valse, "Always" (Berlin).

UNVARNISHED TALE OF YPRES TOLD IN DOMINION PICTURE

Outstanding Episodes in Great Battle of War Presented; Comes to Victoria for One Week; a Remarkable Attraction.

The film "Ypres," which opened at the Dominion Theatre to-day, is a plain, unvarnished tale—no heroics, no Hollywood fireworks or glitter—it has been told with a simplicity that is almost stark, and yet it grips you as no lavishly adorned film spectacle will ever grip you, because it is real. That is what the producers have achieved. They have let "Ypres" tell its own epic; the homely heroism of the British "Tommy" speaks for itself. The result is stupendous. It has been said that romance is ended with the Great War. When you see "Ypres" you will not believe it. The brilliant redcoat on his galloping steed, with his sabre flashing in the air, was romantic, no doubt, but not half so romantic as the "Tommy" in a mud-filled trench, reaching for a "tag" with one hand and scratching with the other, while the shells whistle overhead and winged death is everywhere.

The task that faced the producers of "Ypres" was, of course, a tremendous one. To tell the whole story of the salient in detail would take from now till almost doomsday. What the producers have done is to follow the outstanding episodes on the issue, of which the holding of the salient critically depended; they were the opening of the first battle of Ypres, with the loss and recapture of Gheluvelt; the capture of Hill 60, the second battle with the introduction of poison gas by the Germans; the launching of trench raids, which were of vital importance in sapping German morale; the grand assault on the Messines Ridge, and, finally, the attack on Passchendaele. In dealing with individual heroism, the producers, we are told, chose the deeds by those men whose heroism has been recognized as having exercised a decisive influence on the issue of battle.

Columbia School of Music Gives Monthly Recital

Twenty-eight pupils in the junior grade of the Columbia School of Music took part in a recital held last Friday evening in the hall of the school. This was the seventh recital of the season by this institution, and again a large number of people attended. The programme given consisted of twenty-five numbers, and the pianoforte and violin divisions were represented. Those in the former distinguishing themselves were Katherine Scats, Mary Mogg, Opal Day, Mollie Gerardin, Winnie Naven, Horace Peck, Evelyn Dawson and Ray Conway. Other playing well were: Audrey Milne, Clifford Barlog, Myrtle Hogg, Virginia Ross, Stella Wilkinson, Mildred Wyndham, Agnes Brookman, Ruth Carey, Douglas Wyndham, Margaret Parker and Kenneth Whitworth. Those taking part in piano duets were Katherine and Hubert Scats; Mollie Gerardin and Stella Wilkinson. In the violin, department excellent results were obtained by Rosette Lee, Brian Burdon-Murphy and Allan Mayhew. An outstanding number was "The violin duet, 'Barcarole' (Cohn), played by Rosette Lee and Brian Burdon-Murphy with Desmond Burdon-Murphy at the piano.

Two Communists Elected in France

Paris, March 29.—The Communists won two seats in the Chamber of Deputies yesterday on the second balloting in the second district of Paris for the election of successors to two members who recently died. In the first balloting on March 14, no absolute majority was obtained, although the Nationalists polled the largest vote, followed respectively by the Communists, Socialists and Radicals. Yesterday the Communists, thanks to votes of Radicals and Socialists, obtained a small majority over the Nationalists. The election of the Communists is considered as certain to have a considerable effect on the general political situation.

"When the Door Opened" Has its Locale in Canadian Woods

Lovers of the great out-of-doors have a rare treat in store for them in the William Fox production of "When the Door Opened," which comes to the Columbia Theatre to-day.

This thrilling tale of the great Northwest was adapted from the novel by James Oliver Curwood and directed by Reginald Barker. A rare combination, since both men are famous for their ability to portray stories of the great outdoors—the one with a pen—the other with the motion picture.

"When the Door Opened" has its locale in Canada and the company went to the Canadian woods to film the exteriors. The scenic effects are therefore authentic and superbly beautiful. The story is filled with thrilling situations, including a spectacular flood and an exciting run-away. Jacqueline Logan appears in the role of Teresa de Pontenac, granddaughter of an old French nobleman. She has been brought up by her cynical grandfather in a grim old chateau built in the midst of the dense woods. She has had no young companions and knows nothing of the outer world beyond the musty walls of her home and the little village adjoining.

Group of Movie Theatres is Sold

Portland, Ore., March 29.—The Jensen and Von Herberg circuit of motion picture theatres in the Pacific Northwest became the property of the North American Theatre Corporation Saturday, when the final details of a deal were completed here. The negotiations had extended over a period of four weeks. It is reported the purchase price is \$6,000,000.

At this meeting the subject of electric lighting for Luxton and Happy Valley was again discussed. Mr. Higham giving a report of his interview with the power company in this regard. Mr. Higham's report was to the effect that there is no great obstacle in the way of getting electric light in the district. Residents will be required to defray the cost of wiring their residences, which it is estimated will be around \$20; this means residences more than 150 feet from the power line, and the company will wire free of charge any house within that distance. All additional poles or wiring required for by residents. Charges of light are to be based on cost of extending service to the respective districts on a similar plan as that now used by the city for water, details of which will be submitted to the residents in the immediate future.

A whist drive will be held at the home of Mrs. J. Higham on Saturday, April 3, under the auspices of the Luxton and Happy Valley Women's Institute.

Mrs. R. D. Richards of Jordan River is visiting her sister-in-law, Mrs. E. Richards, at Happy Valley.

Prince of Wales Succumbed to Charm of "No, No, Nanette"

His Favorite Fox Trot is Among
Musical Hits of Sprightly
Comedy

With the whole world humming and whistling the catchy tunes of "No, No, Nanette," which comes to the Royal Victoria Theatre for a three-day engagement, commencing Thursday, April 8, with Saturday matinee, it is not to be wondered at that the Prince of Wales should have succumbed to the charms of the popular musical comedy. The Prince first saw the show when the original company was playing at the Selwyn Theatre in Chicago. He had just a few hours in the Windy City, but he directed that all arrangements which would interfere with his attending "Nanette" should be cancelled. A reception and one or two other functions had to go by the board so that the young scion of the reigning British family could hear "Tea For Two" and "I Want to Be Happy." When it came time for the Prince to start from England on his long trip to South Africa and South America, his last bit of amusement in London, was a visit to the Palace Theatre, where the English company

of "No, No, Nanette" is appearing. At the end of the performance, he requested the conductor and saxophonist to remain and play over the most popular numbers, including, of course, the two big song hits which made such a hit with him in Chicago. "Tea For Two" is the favorite fox trot of the Prince, and when he finds a dancing partner to his liking, he always calls for this number.

MAN ACCUSED OF ROBBERY ARRESTED

Cleveland, March 29.—Arrest of Daniel S. Hoover, wanted in Cambria County, Pennsylvania, on a charge of robbing the mails of nearly \$12,000 three years ago, has been announced by Irene Nungesser, assistant United States district attorney.

Hoover, arrested in Marshfield, Ohio, where Miss Nungesser says his father is a prominent preacher, is being brought back to Cleveland for arraignment, and is alleged to have confessed. The authorities recovered \$2,900, which Hoover had buried in a cemetery.

He cut open a mail pouch on a train of the Cambria and Indiana Railway at Culver, Pennsylvania, and stole two registered letters, one containing \$11,000 in currency and the other \$640 in money and \$251.86 in cheques.

With the Cougars

First Game Tuesday.
Work-out To-day.
Loughlin's Shoulder Bad.
Anderson Can Play.

By ARCHIE WILLS

Times Sports Editor Traveling With the Team

Montreal, March 29.—When Lester Patrick and his Cougars reached Montreal to-day they were greeted with the announcement that the opening game of the world's series would not be played until Tuesday.

The Cougars expected to go into action Monday but President Calder, of the National League switched the dates on them.

The extra day's rest will give the Cougars a chance to shake off the train weariness from which they are suffering. To-day they will have a thorough work-out at the Forum, where the games are to be played.

Most of the Cougars are in prime physical shape and anxious to get at Montreal. While a game to-night might have caught the Cougars a little tired they feel that the rest will benefit Montreal more than it will them, as the Maroons have been through four stiff play-off games.

Lester is worrying over Loughlin, whose shoulder has gone back on him. He cannot raise his left arm above his shoulder and an X-ray is to be taken of it.

There is some doubt as to whether Loughlin's collar-bone has been cracked or whether a ligament has been torn.

If Loughlin cannot start Victoria will miss him on the defense.

West's Win Easily From James Island In Saturday Soccer

Five Goals to One Final Score at Royal Athletic Park Saturday

James Island's first division football eleven were no match for the Victoria Wests in the game played at the Royal Athletic Park yesterday and went down to a 5-1 defeat before the local squad.

The Islanders were unsuccessful in registering a single tally in the first half, while the Wests sagged the net for two counters. Mulcahy, on a spectacular piece of individual work, scored the local first tally, beating Rogers, the opposing goal custodian, from close in. The score went up to 2-0 some time later. Wright out-trickling Carter in front of the goal and giving Rogers no chance for a save with his fast shot. The visitors tried hard for a tally but could not get behind the keeper. The lone goal for the Islanders came on a shot from the outside looked good but was over the bar by a few inches.

Wright was again on the job for the Wests soon after the start of the final period. Taking an excellent pass from Perry he put the leather between the uprights for the local's third tally. The lone shot for the Islanders came on Dowds' rush after the goalie had cleared from Goldie and his shot found the net and saved the visitors from a shutout. Mulcahy secured his second tally of the game and the Wests' fourth in a few minutes, accepting Sherratt's pass and boosting it past Rogers, who was helpless to save. The last goal of the game came from Thomas after a rush through the Islanders' defense and a fast low shot which beat the goalie easily.

Payne refereed and the teams were:

Victoria Wests—Butler; White and Sweeney; Butcher, Peden and Popham; Sherratt, Perry, Wright, Mulcahy and Thomas.

James Island—J. Rogers, E. Carter, J. A. MacDonald, S. Barry, W. Ross and S. Morris.

The Sons of England failed to field a team for their scheduled tussle with the United Services, the latter winning by default.

LOCAL HOCKEYISTS WIN

Victoria Grass Hockey team won both their matches with Cowichan teams Saturday. The team playing at Oak Bay defeated the up-Islanders by six goals to one, the goals being scored by McLaughlin (4) and Temple (2). The team playing at Duncan won by five to three, the goal scorers being Parr (2), Winsby (2), and Dolder (1).

toria will miss him on the defense.

Anderson has taken the splints off his hand and says he will be able to play in the first game.

To-night's practice will determine whether or not he can control his stick.

The games this week will be played Tuesday, Thursday and Saturday.

Montreal, March 29.—The Cougars arrived here to-day and were met at the station by Capt. Dunc. Munro, representing the Montreal team.

From 11 o'clock until noon the champions skated at the Forum and will practice there again tomorrow in a final workout prior to the start of the big series.

The two championship teams will meet in the first game under Eastern rules at the Forum Tuesday night. Details in connection with the series will be arranged at a meeting between President Frank Calder, of the National Hockey League, and officers of the two clubs. It is likely that two Montreal referees will be appointed for the series.

The series will be for the best three out of five games. The second game will be contested Thursday under Western rules and the third game Saturday under Eastern rules, the Eastern and Western code alternative with each game. If a fourth game is necessary, it will likely be played on Tuesday, April 6.

Saanich Thistles Hold Lower Island Cup For Third Year

Oak Bay High School Lose Two to Nil in Game Saturday

The Lower Island Football Cup laurels will rest upon the brows of the Saanich Thistles for another year, by virtue of their 2-0 win from the Oak Bay High School eleven at the Royal Athletic Park Saturday. For three years now this cup has been in the possession of the Thistles, no opponents having come up strong enough to wrest it away from them in that time.

HARD LUCK
Hard luck for the High School boys gave Saanich their first tally. Sherwood, their full-back, in an endeavor to clear, headed the ball backwards into his own net. Pressing hard for a score, the Oak Bay lads looked good for a goal more than once, but were unsuccessful in registering. Campbell, the Thistles' outside right, broke away for their second tally and found the hemp with a beautiful sailing shot from the wing.

FINE SAVES
Rose, the Thistles' goalie, was responsible for the lack of scoring on the part of the students in the second stanza and made some fine clearances to keep them out. Rutman was also good at the other end, no shots getting past him after the interval, so that the score stood 2-0 at the end of play as it had been at half-time. Both teams displayed some of the finest soccer seen in the junior league this year in the game and in parts the play was up to senior league standard.

Oliver handled the whistle and the teams were:

Saanich Thistles—Rose; Kennedy and Price; Gandy, Crowe and Kelman; Campbell, Minnis, Burns, Ivinis and Smith.

Oak Bay High School—Rutman; Sherwood and Best; Thorne, Terry and Stewart; Moors, Moore, Engel, Cleveland and Rutman.

Bullock-Webster Wins N. California Golf Championship

San Francisco, March 29.—Captain A. Bullock-Webster of the Hollywood Country Club, former golf champion of British army, to-day won Northern California Amateur golf championship in Beresford County Club course, by defeating Clare Griswold of Lake Merced Golf Club, San Francisco, two up and one to play, over thirty-six holes at San Mateo.

Fine Record Made By Portland Stars In Swimming Gala

Oregon Club Pile up Eighty-nine Points in P.N.A. Meet at Crystal Garden

Roberta Edmundson, Portland Mermaid, Breaks Record For Backstroke Event

Winning every event but one in which their members were entered and tying that one Saturday, the Multnomah Amateur Athletic Club of Portland, Oregon, made practically a clean sweep in the two-day P.N.A. gala held in the Crystal Garden pool-Friday night and Saturday afternoon under the auspices of the V.A.S.C. Piling up a total of eighty-nine points on the two-day swim the Portland Club set the highest mark ever attained by one single club since the Pacific Northwest Association first held a swimming meet.

VANCOUVER SECOND
The nearest rival to the Multnomah Club was the Vancouver A.S.C., who gathered in twenty-six points, and, combined with the Varsity S.C., also of Vancouver, who secured five points, gave Vancouver city second place with thirty-one points. Victoria was third with twenty-eight, fifteen for the V.A.S.C. and the remainder for the Y.M.C.A.

At least one new P.N.A. record was made at the Crystal Garden on Saturday. Roberta Edmundson of Portland, swinging her arms back over her head in fine style, took first place in the 100 yards ladies' backstroke event, with a time of 1 minute 21.3 seconds, a fifth of a second less than the previous record of 1.25 flat.

George Horsfall, also of the Portland club, made excellent time in the 500 yards men's race, negotiating the distance in 6 minutes 53.2 seconds.

Another record was equalled, if not broken. Charlie Peterson, the Multnomah crack, hit off the fifty-yard dash in exactly 25 seconds, a P.N.A. record held by himself.

CAMERON FIGHTS HARD

Johnny Cameron, well known in Victoria aquatic circles through his successes in The Times long-distance swim, gave the spectators an excellent display of his recuperative powers in the 500-yard swim. After swimming next to last for the first four or five laps he gradually put more strength behind his strokes, pulling ahead of all his competitors two, to, in the third place, a few feet behind Ben Lombard, the Portland entry, who took second position. George Horsfall had the race well in hand all the way and finished first with a good margin. The most exciting race of the afternoon, giving the audience plenty of thrills, was the 220-yard women's race. From the start it resolved itself into an exceedingly close affair, practically three swimmers touching the end of the tank together on the first lap. Audrey Griffin and Roberta Edmundson gradually drew ahead of the third entry, Rita Tingley, and on the final lap the twenty-yard print neck and neck for the rope making the finish. The two heads flashed beneath the rope at exactly the same moment, in the opinion of the judges, and the race was declared a dead heat. By mutual consent of the contestants it was not raced again and honors were divided.

Lois Murfin of Portland, who set a new fifty-yard record on Friday evening, again proved her superiority in the shorter distances when she took the 100-yard race by two feet from Audrey Griffin. She swam the race much harder in this event than in Friday's race, which she won handsomely, and was extended to the limit to take first honors.

Beautiful poise, ease and grace combined to make the dives of Olga Knudson, another Oregon girl, far superior to those of her only rival, Lillian Broadfoot of Vancouver, and she was awarded the judges' decision.

At the conclusion of the gala Alderman Merchant distributed medals to the winners of the various competitions. Some of the Portland entries received so many of these that they could not find pockets to put them in and, by the joyous looks on the faces of the whole contingent, seemed to be very pleased with their trip to the city.

V. J. Dunn, the starter of the races, certainly deserves a word of commendation on his excellent services. Not one race in the two days could be held without his faultless start. He not only handled the whistle and the teams were:

THE RESULTS

VICTORIA GOLFERS WIN UPLANDS CLUB SERIES WITH TWO UPPLANDS TEAMS

By a margin of 71 on the series Victoria Club golfers beat Uplands in interclub games yesterday. The teams fought hard for honors on the Uplands course, with Uplands winning by two points. In the singles the Uplands players won by 47 to 37. The visitors reduced the lead in the foursomes by winning 32 to 24.

At Oak Bay the Victoria team won by a margin of 73 points, which, reduced by the loss of two points at the Uplands, gave them a 71 victory on the series.

Cricketers All Set For Big Season In Victoria This Year

New Rules Drafted During Winter Adopted

E. Parsons Again Named to Lead Local Association

The annual general meeting of the Victoria and District Cricket Association was held in the Chamber of Commerce Rooms, Friday, 8 p.m. All clubs were well represented when President Parsons called to order.

The election of officers resulted as follows: President, E. Parsons; vice-president, H. Edwards; secretary, Major Howden; treasurer, J. Longfield; average secretary, Reg. Wenman.

A storm of protest arose when E. Parsons tendered his resignation. After much persuasion, Mr. Parsons agreed to stand another year and the sigh of relief at his decision was heard above the buzz of the Gyros' band next door.

Major Howden as secretary was heartily received. He is a member of the University School, Mount Toimie, and is captain of the University Incogs.

Compliments were paid to the good work of E. C. Scoble, the retiring secretary, who has served the association under five presidents.

Metchisin

Special to The Times

Metchisin, March 29.—The garden competition to be held by the Metchisin Farmers' Institute gives every indication of being a great success. Entries have been received and it is expected that the number of contestants will reach in the twenties by March 31, when entries close.

The garden is to be of approximately 4,800 square feet, and will consist of the following varieties: Peas, beans, carrots, beets, parsnips, corn, cucumbers, potatoes, early and late varieties of tomatoes, squash and turnips.

Other product may be grown in the garden, but the above-mentioned only will be judged and scored. Fruit trees will make no difference, neither will the existence of paths. The garden may be any shape so long as the varieties are close together to allow of easy judging and should be in a fixed area.

In judging consideration will be given to freedom from insect pests and fungus diseases, size and shape of garden and arrangement of varieties, cultivation and the general vigor and growth and yield. All seed and plants, with the exception of potatoes, will be supplied if required, and the competition will be in charge of Prof. Straight of the Dominion Government Experimental Station at Sidney. The contest is open to all members residing within the districts covered by the institute.

"But," Manning protested determinedly, "every action of yours speaks otherwise. Why, in the name of Heaven should you have been with him in his rooms at Atlantic City. You were not registered at the hotel, or at any other hotel there—I ascertained that, you may be sure—Fenway saw you in Hill's rooms with his own eyes, and Fenway does not lie. Isn't it only logical to suppose that you and Hill were there for a seaside rendezvous?"

"Logical—yes," Charlotte admitted with a fleeting smile. "But not true!"

"Then why were you there?" Manning demanded.

Charlotte rose and faced him. She spread out her slim hands in a pleading gesture. "But all she said was—"

"I cannot tell you—ever."

"Charlotte!" Manning sprang to his feet and began to pace the library. "Do you realize that you're driving me mad? Can't I have candor from you?"

"Why do you want it so much?" she asked with a wary sort of curiosity. "You have taken me back into your home without question, just as I am—or as you think I am. Why do you want a proof that I cannot give?"

"Because I love you! Because the thought of you in Hill's arms drives me insane. Because I want you—the wife I married, the sweet, pure, untouchable girl that I brought from Virginia, five years ago."

She bowed her head and the hot, despairing tears ran down her cheeks. She could never betray a one-time friend. She could never tell him the truth.

CLEARED!

Two days later, Leila came into Charlotte's room while she was dressing for lunch. Leila was looking brighter than

usual. Her languor and petulance were not so evident.

"We've a guest for luncheon," she announced. "It's a surprise for you—and a surprise for the guest, too, Dad says."

Charlotte went into the drawing-room, wondering.

She stopped on the threshold.

Seated beside the open window that let in the breeze from the park was Phyllis Fenway, chatting vivaciously with Manning.

At sight of Charlotte she stared in panic.

Manning rose, smiling.

"A double surprise, isn't it? You didn't know Charlotte had returned to us again, did you, Phyllis?"

"Why—no—I—" Phyllis was stammering and a painful red was surging into her cheeks.

For a long moment, she and Charlotte stared into each other's eyes. Then Charlotte reached out her hand.

"How do you do, Phyllis," she said evenly. "It's good to see you after so long a time."

For once, Phyllis' poise had deserted her.

"You're looking—very well," she managed to articulate.

In the minds of both, the memory of their last meeting stood forth vividly clear.

Hill's rooms at the Atlantic City Hotel! The rap at the door which was soon to open to admit Fenway! Phyllis, pushed into the bedroom by Charlotte, who voluntarily assumed the blame, Phyllis' flight through the outer corridor to safety. And afterward—silence!

Luncheon was difficult despite Charlotte's efforts to make it otherwise. Manning was obviously pleased with his little ruse of bringing the two women unexpectedly together. Even Leila seemed an undercurrent of drama which she could not understand or analyze.

TO CROW OR NOT TO CROW IS BIG ISSUE HERE NOW

Friends of Black-feathered Tribe Rally Around to Prevent Systematic Killing

S.P.C.A. Protests Plan to Starve Young But Game Board Refuses to Halt War

The humble crow, charged with crimes as black as his own feathers, will not go to the ignominious death planned for him by the B.C. Game Conservation Board, unheeded and unsung. He won't go at all, in fact, if bird lovers can save him.

Naturalists are denouncing the Game Board for planning the destruction of what they claim is Nature's most efficient scavenger, and a harmless though homely member of the feathered fraternity. The Society for the Prevention of Cruelty to Animals is preparing to protest in emphatic fashion. The fate of the crow will be the chief topic of discussion at the society's next meeting, and meanwhile officials of the organization are arranging to deluge newspapers with letters on the subject.

LITTLE SYMPATHY

But all these protests found little sympathy in the stony hearts of the Game Board members. "Now that the necessary Government Order-in-Council fixing a ten-cent bounty on crows is passed, their destruction will start immediately," M. B. Jackson, K.C., chairman of the board, declared this morning when told that bird lovers were up in arms over his plans. "These protests are what one would expect, but they are not based on a knowledge of the facts. The crow is a marauder, a killer of song and game birds, and a menace to other feathered folk. He has increased alarmingly in numbers of late years, and it is high time that he was dealt with. We have no intention of abandoning our plans. The crow population must be reduced."

"ESSENCE OF CRUELTY"

The "essence of cruelty" was the comment on the Game Board's plan by Walter Burton, well-known naturalist. Mr. Burton objected to the slaughter of crows at nest time, a process which, he said, would result in the starvation of thousands of innocent and defenceless young crows. With their parents killed off, there would be no one to feed the small birds, and they would die a lingering death from starvation. Mr. Burton declared in a statement issued last night. He declared that crows were a menace to game and song birds, and asserted that they were invaluable scavengers and destroyers of insect pests.

WILL STARVE YOUNG

This also was explained to Mr. Jackson, but he retorted that the crow was being launched now with the deliberate intention of attacking the crow population in nesting time. By killing off the parents, he explained, thousands of potential bird criminals would be destroyed at the same time before they had a chance to grow up and develop the evil habits of their ancestors.

"It's a shame," said Mrs. Henry Crane, president of the S.P.C.A., in announcing that her organization would not see the crow die with a fight. "Our beaches will be filthy with the crow's carcasses. The seagulls keep the sea clean, but it is the crow which eats the refuse on the beaches. The last time crows were slaughtered systematically our beaches were strewn with garbage. Besides, the crows kill off millions of insect pests. The whole object of this campaign, in any case, is simply to increase the number of game birds so that they too may be killed by sportsmen. It is very wrong."

Royal Oak Bulb Show Arranged For Earlier Date

Under the auspices of the Royal Oak W. L. the members met for their weekly sewing class at the home of Mrs. Stone, Wilkesboro Road. Owing to the extraordinary early spring, the Spring Flower and Bulb Show is called for an earlier date, April 9, instead of April 24, as previously stated. The prize list is prepared and will be ready for distribution in a day or two. Besides the bulb show, there will be other attractions: afternoon teas will be served, ice cream, home cooking stall, competitions, demonstrations and a musical programme.

is being prepared. Mr. F. Wood, Wilkinson Road, has consented to judge the exhibit. All entries and admission are free. Further information may be obtained from Mrs. L. Reed, R.M.D., 1, Royal Oak. The weekly class will be held at the residence of Mrs. W. D. Coffey, Rose Cottage, East Road.

The last of the Winter series of card parties, under the auspices of the R.O.W.I., will be held at the Wayside Inn, East Road, Wednesday, March 31, at 8 p.m. Mrs. Reed and Mrs. Bianco will be hostesses for this occasion. Refreshments will be served and good prizes given. It is to be hoped there will be a good turnout of patrons. Special prizes are being given to the highest score for the season's series.

PLANS COMPLETED FOR ROTARY CLUB SEED COMPETITION

Arrangements for carrying on the 1926 Rotary Seed Contest have now been completed. Cecil Tice, chairman of the contest, has appointed a committee in charge, and has named to-day. Boys and girls of eighteen years of age and under residing in Victoria or in the districts immediately surrounding it who wish to enter the contest should give in their names at the Rotary Club office, 1608 Broad Street, as soon as possible and not later than April 15. On doing this they will be furnished with an entry card, stock seed, and information regarding the contest.

Seeds of eight kinds and varieties of crops, annually only, will be supplied each contestant: five of which will be vegetable and three flower seeds. Some of the more important rules governing the contest are: (1)—New contestants will be required to pay for fifty per cent of the cost of the stock seed. This will amount to 25c for each contestant. (2)—The size of the plot must be at least 200 square feet. (3)—The plots will be judged at least once during the growing season. (4)—Contestants will be expected to exhibit samples of their seeds at the British Columbia Potato and Seed Show in November, when they will be judged by a panel of experts. (5)—A record of the work done and a report not exceeding 500 words on "How I Grew My Seeds" will be required. At the close of the season suitable prizes will be provided by the Rotary Club; in addition to this the first prize winner will have his or her name inscribed on the Rotary Trophy and Burchard Cup.

This will be an opportunity for boys and girls to learn something about a pleasant and interesting branch of agriculture. On account of the shortage of moisture this year seeds should be planted early.

Islands

Special to The Times

MAYNE ISLAND

Lady Constance Fawkes gave a tea party for her guests, Miss Musgrave and Miss Washington. Those present were Major and Mrs. West, Mr. and Mrs. Hall, Mesdames G. Mayne, C. J. Robinson, S. Rawlings, Guernsey, S. Robson and Miss Roebottom.

GALIANO ISLAND

There was a large and well attended meeting at the Galiano Hall on the occasion of the inauguration of the new organization to be known as the Galiano Island Development Association. Paul Scoones, J.P., was in the chair. He explained the reason of the meeting, which had been called as an outcome of the last public meeting on the question of the boat service, following the suggestion of the formation of such a local organization by W. Miller Higgs.

It was decided to start this organization on Galiano Island and to incorporate it with the island. The election of officers for the year resulted as follows: President, Paul Scoones; vice-president, Capt. Ian Denroche, Gossip Island; hon. secretary-treasurer, W. Miller Higgs; executive committee, Mrs. Miller Higgs, Mrs. Arthur Lord, W. Thomas, Joseph Burrell and E. Bambrich.

The annual general meeting is to be held on the third Monday in January each year. The matter of the new wharf was discussed and the secretary requested to get into communication at once with the Department of Public Works. Mr. Harford spoke about the boat service.

A very jolly dance was held in Galiano Hall, people coming from Salt Spring Island and Mayne Island. G. Head was the host for the evening. The proceeds were for the Galiano Hall fund.

Sooke

Special to The Times

Three basketball teams played games here on Saturday. The opening game was between the Colwood and Sooke schools, the latter team proving their superiority by a score of 21 to 5.

C. Pillar was the referee. The teams were: Colwood—Leslie Buxton, Kenneth Buxton, Olive Walsh, Bessie Newham, Irene Peatt, Norma Parker and Robert Southwell.

Sooke—W. Shields, Lee Warren, G. Grainger, L. Grainger and N. Charters. The next game was played between Jordan River and Sooke "B" for the Hudson Cup. Jordan River showed excellent combination and Sooke played a fast game. Jordan River won by two points, the score being 20 to 18.

The teams were: Jordan River—J. Elliott, A. Walker, P. Grainger, Shepland, Peter Rough, Sooke "B"—G. McIntosh, L. Hewer, R. Baker, T. Wright, W. Baker, C. Pillar and H. George. James Ray Mathews played Sooke "A" in an overtime game. Sooke won by 39 to 28.

The teams were: James Ray—Wright, Lupton, Butcher, G. Mathews, J. Mathews, E. George, T. Wright, R. Acreman.

It was late in the evening, and he was tired and being assisted by the many street hawkers. The last straw came when a flower seller stopped him with "Snowdrops, sir." "I always knew it did," he snapped, and strode on.

U.S. PAPER TO FEATURE ISLAND

Christian Science Monitor, Canadian Supplement, to Carry Much B.C. Material

Resources and possibilities of Vancouver Island will be brought to the attention of readers all over the world in a special Canadian supplement of The Christian Science Monitor, of Boston, to be published April 14. Arrangements for covering British Columbia and the island in this issue were made by F. W. Carr, Western representative of The Monitor, during a recent tour of Western Canada. The Canadian supplement will be one of the largest publications ever issued by the Boston daily, which circulates in every part of the world. It will contain articles on all phases of Canadian life, treating these subjects from both a national and a provincial standpoint.

Vancouver will receive particular prominence in the issue through the efforts of the First Church of Christ, Scientist, here. The church is paying for a complete series of pictures and material about Victoria and up-island districts—a feature which will paint the charms and advantages of the island in striking fashion.

STEAMSHIP OILER INHERITS ESTATE

Honolulu, March 29.—The Honolulu Advertiser says that when the motorship Mazatlan arrived here yesterday, Ray Dietrich, an oiler aboard the vessel, became Lord Fitzmaurice and owner of an estate in England worth \$5,000,000. Dietrich, whom Capt. J. J. Meany described as a soldier of fortune, had been in London the estate after two years of fruitless search for others as nearest of kin.

Sidney

Special to The Times

Sidney, March 29.—An enjoyable dance was held in the Deed Cove Social Hall Friday evening by Bert Copthorne and Kelly Sangster. About 150 people were present. The hall was prettily decorated with ferns and daffodils, the supper tables being adorned with the same flowers. Music was supplied by Zala's three-piece orchestra. There were several novelty dances, confetti and serpentine dances. MacAuley and Miss Heritage won the waltz elimination contest. The prizewinner in the ballroom dance was Miss Iris Hearn. The gentlemen's ballroom scramble was won by Mr. Brockhurst.

The elimination fox trot was won by Jack Bosher, and Miss Genevieve Sangster. A number of tombola prizes were given. A delicious supper was served in charge of Mrs. Calvert, who was assisted by Mrs. Mearns, Miss Irene Frost and Miss May Copthorne.

The regular monthly meeting of the North Saanich Allies Chapter of the I.O.O.F. will be held on Thursday, April 1, at the home of Mrs. Layard, Senior, at Deep Bay at 8 o'clock. Mrs. H. P. Hodges will speak on the League of Nations.

The Venerable the Archdeacon of Columbia will give a lecture with lantern slides on the new cathedral on Tuesday, March 30, at 8 o'clock in the auditorium.

The teachers and pupils of the North Saanich school, Centre Road, are giving a tea, exhibition of work and entertainment, from 3.30 to 5.30 o'clock, on Wednesday, March 31, in the school, and Dr. Irene Bastow, Hudson of Victoria will speak on the Solatium.

Miss G. Muir, who has recently returned from Portland, was a visitor to Patricia Bay.

Mr. George Sangster of Patricia Bay, has returned from Kamloops.

Mr. and Mrs. Courtenay have returned to their home at Deep Bay after spending the winter in Victoria.

The new golf links at Deep Bay, which is to be called the North Saanich Golf Club, will be opened on Thursday, April 1, for play. It is later on for professionals will play an exhibition round on the course.

Mrs. Mitchell of Deep Bay is staying at Cadboro.

Mr. W. Horth of Courtenay has been spending a few days with his mother, Mrs. Horth, Downey Road.

The friends of Mrs. Ramsey, Fifth Street, will be sorry to hear she has been ill with "flu."

Mrs. Knight and her son, Ernest Knight, have left here for Victoria and Sooke to Regina, where they will live in future.

Two Wounded When Bandits Attacked

San Jose, Cal., March 29.—Two men and a girl were wounded early yesterday when the proprietor and patrons of a roadside inn on Berryessa Road, near here, opened fire on two unmasked bandits, who entered the place and, menacing the group with revolvers, ordered "hands up."

Merchant (to applicant for situation)—"Your handwriting is good enough; but can you write shorthand?" Applicant—"Oh, yes; but it takes me longer."

WHO IS YOUR SKINNY FRIEND, ETHEL?

Tell him to take McCoy's Cod Liver Extract Tablets for a couple of months and get enough good healthy flesh on his bones to look like a real man.

Tell him, it's the only way to take those grave-like hollows from his cheeks and neck.

Tell him that thousands of thin, puny, peaked, scrawny men all over America have improved their physical health and appearance and bless the day they first heard of these wonderful sugar coated tablets so full of weight-producing vitamins.

Ask for McCoy's Cod Liver Extract Tablets. Vancouver Drug Co., MacFarlane Drug Co., Owl Drug Co., and every druggist sells them—40 tablets—50 cents. Any thin man or woman can put on five pounds of healthy flesh in 30 days or your druggist is authorized to refund the purchase price.

One woman put on 15 pounds in six weeks. Children grow robust and strong—feeble old people feel younger in a few weeks. (Adv.)
